DEPARTMENT VISION AND MISSION

a. Vision Statement:

To be a centre of excellence in the realm of Commerce and Management, developing and nurturing global competencies in students through quality education, research and continuous innovation.

b. Mission Statement:

M1: To nurture commerce professionals who possess a high level of knowledge and competence to effectively contribute to society with commitment and integrity.

INTRODUCTION TO BACHELOR OF COMMERCE

PROGRAMME OUTCOME

Reference No	Statement	Attribute
PO1	Apply interdisciplinary commerce knowledge, including finance, accounting, management, and technology, to develop sustainable and innovative business strategies that address cross-cutting issues and global challenges.	Academic Excellence: Domain Expertise Leadership: Consultative Decision Making
PO2	Demonstrate leadership, communication, and teamwork skills to collaborate in diverse business environments while designing innovative, socially responsible business models that integrate sustainability principles, technological advancements, and ethical frameworks to address societal and environmental challenges.	Leadership: Team Building Skills Professional Excellence: Entrepreneurship Social Sensitivity: Environmental Sensitivity
PO3	Utilize appropriate research methodologies and analytical tools to critically evaluate business challenges and provide evidence-based, technology-driven solutions.	Academic Excellence: Problem Solving Skills,Self-Learning and Research Skills
PO4	Create strategies to integrate new knowledge, skills, and technologies, adapting to the dynamic nature of business and supporting continuous professional growth.	Leadership: Dynamism Professional Excellence: Continuous Learning

COURSE STRUCTURE

Bachelor of Commerce

SEMESTER - I

Course Code	Course Name	Course Type	Category	Total Marks	L-Hr/Week	T-Hr/Week	P-Hr/Week	Credits
ENG283-1	ENGLISH FOR PROFESSIONAL COMMUNICATION	Theory	Ability Enhancement Compulsory Courses	50.00	2	0		2
KAN081-1Y	FOUNDATIONAL KANNADA	Theory	Ability Enhancement Compulsory Courses	50.00	2	0		0
BBA133	STOCK MARKET PRICE ACTIONS	Theory	Add On Courses for Extra Credit	50.00	2	1		3
COM171A-1	PROGRAMMING USING PYTHON (BASIC)	Theory	Add On Courses for Extra Credit		15	0		1
COM172A-1	DATA VISUALIZATION USING POWER BI	Theory	Add On Courses for Extra Credit		4	0		1
COM173A-1	AI TOOLS FOR COMMERCE AND BUSINESS (BASICS)	Theory	Add On Courses for Extra Credit		4	0		1
COM174A-1	SELF-DISCOVERY DESIGN THINKING AND INTERACTION SKILLS	Theory	Add On Courses for Extra Credit		4	0		1
COM181-1	ESSENTIAL SKILLS - I	Theory	Add On Courses for Extra Credit	50.00	1	0		1

SYLLABUS FOR

COURSE NAME: TAXATION - 1

COURSE CODE: COH101 - 5

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - V)
- Bachelor of Commerce (SEMESTER - V)

Course learning Outcomes

CO1: Demonstrate understanding of the concepts of income, assesses, assessment, person, and other fundamental definitions.

CO2: Apply existing provisions relating to exemptions and determination of residential status.

CO3: Skillfully compute income from salary.

CO4: Execute the provisions pertaining to income from house property.

CO5: Apply the provisions and undertake the computation for Profits and Gains from Business and Profession.

CO6: Apply provisions to compute income from other sources.

Sustainability Development Goals (SDG)

Consumption and production, Reduced inequalities

21st Century Skills

Analytical thinking, Curiosity and lifelong learning

Course Content

U1: Introduction

Teaching Hours: (4)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Concept of Income Tax-Finance Bill & Act; Definitions: Assessee, Person, Assessment year, Previous year, Income, Total Income and Agricultural Income – Concept of Capital & Revenue (a) Receipts (b) Payments (Expenditure) and (c) Loss – Meaning & brief explanation of Return of Income (Sec.139 /140), PAN (Sec.139 A)

U2: Basis of Charge and Exempted Income

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Charge of Income - Tax Residence Status of Individuals - Scope of Total Income - Income deemed to be received - Income Deemed to accrue or arise in India – Computation of total income based on Residential Status. Income not included in Total Income u/s 10: Fully exempted and partly exempted incomes.

U3: Income from Salary

Teaching Hours: (15)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Brief introduction – Income from Salary – Definition; Characteristics of Salary Income; Computation of Salary Income – Basic Salary – Allowances – Perquisites - Leave Encashment- Commutation of Pension - Death-cum-Retirement Benefits – Gratuity - Compensation Received on Termination of the Service, Deduction from Gross Salary u/s 16 – Computation of income from salary.

U4: Income from House Property

Teaching Hours: (12)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Meaning – Types of House Properties - Annual value Determination in different situations: House Property Let out but remained Vacant – Unrealized rent -Deductions for let out House properties – Annual Value of Self Occupied House Property –Deduction for Self- Occupied Property – House Property Income Exempted from Tax – Computation of Income From Let Out House Property, income From Self Occupied House Property.

U5: Profits and Gains from Business and Profession

Teaching Hours: (14)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U5-T1. Computation of Income under this head - Allowable Expenses - Expenses expressly disallowed - Problems relating to business (sole trader only) and Problems on profession relating to Chartered Accountant, Advocate and Doctor.

U6: Incomes from Other Sources

Teaching Hours: (7)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U6-T1. Meaning and Explanation – Various Incomes which are falling under this head – Deductions allowed – Expenses Not Deductible – Computation of Income.

COURSE CODE: COH101 - 5

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA I (20 MARKS), CIA II (50 MARKS), CIA III (20 MARKS)

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

CHRIST (DEEMED TO BE UNIVERSITY), BANGALORE
DEPARTMENT OF COMMERCE
END SEMESTER EXAMINATION

Course Name: Taxation-I Max. Marks: 100

Course Code: COH101-5 Time: 3 Hours

SECTION A

Answer ALL Questions 7 X 5 marks =35 Marks

Q. No Questions CO RBT 1 xyz[5] 3 L3 2 xyz[5] 2 L2 3 xyz[5] 1 L1 4 xyz[5] 3 L4 5 xyz[5] 5 L2 6 xyz[5] or xyz[5] 4 L1 7 xyz[5] or xyz[5] 3 L4

SECTION B

Answer ALL Questions 5 X 10 marks =50 Marks

Q. No Questions CO RBT 8 xyz[10] 4 L5 9 xyz[10] 4 L5 10 xyz[10] 4 L5 11 a) xyz[10] or xyz[10] 5 L4 12 b) xyz[10] or xyz[10] 5 L4

SECTION C

Case Study – Compulsory Question 1X15 marks =15 Marks

Q. No Question CO RBT 13 Case Study [15] 3 L3

COURSE NAME: FINANCIAL ACCOUNTING

COURSE CODE: COH101-1

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - I)
- Bachelor of Commerce (SEMESTER - I)

Course learning Outcomes

CO1: Compare the accounting system adopted in hire purchase and installment system.

CO2: Analyze and apply royalty accounting principles to calculate royalty under different situations..

CO3: Apply consignment concepts to record and account for various aspects of consignment transactions.

CO4: Analyze the branch transactions to calculate profit or loss

CO5: Analyze the significance and application of Accounting Standards and IFRS in financial reporting

Sustainability Development Goals (SDG)

Decent work and economic growth, Quality education

21st Century Skills

Analytical thinking, Dependability and attention to detail, Quality control

Course Content

U1: Accounting for Hire-Purchase and Installment Systems

Teaching Hours: (14)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Hire Purchase - Meaning - Legal provisions, [including repossession – only theory] - Calculation of interest - when the rate of interest and cash price is given - when cash price and the total amount payable is given when the rate of interest and installments amount is given, but cash price is not given - Calculation of cash price under annuity method - Journal entries and Ledger accounts in the books of hire-vendor under outright property method

Description

Installment system- Meaning - Difference between hire purchase and installment system.

U2: Royalty Accounts

Teaching Hours: (14)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Introduction - meaning - technical terms - royalty - the landlord-tenant - minimum rent - short workings - recoupment of short working under - fixed period - floating period - recoupment within the life of a lease - treatment of strike, stoppage of work and sub-lease - accounting treatment in the books of the lessee(tenant) - when royalty is less than minimum rent - when royalty is equal to minimum rent - when the right of recoupment is lost - when minimum rent account method is followed.

Description

Preparation of ledger accounts - royalty account - landlord account – short workings account - minimum rent account when minimum rent account is followed.

U3: Consignment

Teaching Hours: (14)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Consignment: Features – Del-credere commission - Accounting treatment in the books of the consignor and consignee – Valuation of unsold stock – Accounting treatment of Normal loss and abnormal loss – Abnormal loss account - Goods sent to consignee at invoice price – Accounting treatment – stock reserve calculation.

Description

U4: Accounting for Inland Branches

Teaching Hours: (14)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Concept of dependent branches; accounting aspects; debtors' system – cost price method – Invoice price method – Branch Debtors account (problems)—Independent branches: concept-accounting treatment: adjustment entries.

Description

U5: Accounting Standards and IFRS

Teaching Hours: (4)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U5-T1. Introduction Meaning - Objectives- Need for Accounting Standards- Indian accounting standards (1, 2,3,4,9 & 10) -Scope - Indian accounting standards issued by Accounting Standards Board of ICAI –IFRS- Introduction - need and significance - Ind AS - Introduction - need and significance - differences between Indian Accounting Standards and Ind AS.

Description

Essential Reading

2. Gupta, R. L., & Radhaswamy, M.(2024).Financial Accounting. New Delhi: Sultan Chand & Sons.
2. Jain &Narang. (2024). Advanced Accountancy. Mumbai: Kalyani.

EXAMINATION PATTERN

COURSE NAME: FINANCIAL ACCOUNTING

COURSE CODE: COH101-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA I (20 marks) , MSE (50 marks) , CIA III (20 marks)

Assessment Component | Description | Marks | CIA I | Quizzes- role plays- objective type tests- written assignments- discussion forums- article reviews- case analysis etc. | 20 | CIA II | Mid Semester written examination conducted for 2 hours duration Sections Type Marks A Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) 3 X 5 = 15 B Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) 2 x 10 = 20 C Case Study (Compulsory) 1 x 15= 15 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | 50 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | CIA III | Group work consisting of presentations- Viva voce- and report submission. | 20 |

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

ESE (100 marks)

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: BUSINESS MATHEMATICS AND STATISTICS

COURSE CODE: COH101-2

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - II)
- Bachelor of Commerce (SEMESTER - II)

Course learning Outcomes

CO1: Utilize knowledge of compounding and discounting to make better decisions

CO2: Articulate the laws of probability and make the best decisions based on probability

CO3: Calculate and interpret correlation and regression coefficients

CO4: Apply descriptive statistics to analyze data and draw inferences.

CO5: Explain various methods of identifying and predicting trends based on existing values.

Sustainability Development Goals (SDG)

Decent work and economic growth

21st Century Skills

Analytical thinking, Curiosity and lifelong learning, Dependability and attention to detail, Quality control

Course Content

U1: Basic Mathematics of Finance

Teaching Hours: (10)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U1-T1. Basic Mathematics of Finance

Description

Simple and Compound interest; Rates of interest – nominal, effective and continuous – their interrelationships; Compounding and discounting of a sum using different types of rates, Types of annuities.

U2: Probability

Teaching Hours: (14)

Development Needs:

Global

Skill Focused:

Employability, Entrepreneurship

Cross Cutting Issues:

Professional Ethics

U2-T1. Probability

Description

Meaning of probability – Approaches to probability – Rules of probability, Conditional probability – Bayes' Probability; Probability distributions – Bernoulli distribution – Binominal distribution – Poisson distribution – Normal distribution.

U3: Unit 1: Univariate Analysis

Teaching Hours: (12)

Development Needs:

Global, National

Skill Focused:

Employability, Entrepreneurship, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Unit 1: Univariate Analysis

Description

Measures of Central Tendency: Mean, Median, Mode Measures of Variation: Range, Mean Deviation, Standard Deviation, Quartile Deviation Measures of Shape: Kurtosis and Skewness Measures of Position: Partition Values

U4: Bivariate Analysis**Teaching Hours: (12)****Development Needs:***Global***Skill Focused:***Employability, Entrepreneurship***Cross Cutting Issues:***Professional Ethics***U4-T1. Bivariate Analysis****Description**

Correlation Analysis: Meaning, types and properties; Measurement- Scatter Diagram, Karl Pearson's Correlation Co-efficient, Spearman's Rank Correlation, Probable Error and its use. Regression Analysis: Meaning, types and properties; Linear Regression – Assumptions, Computation, Equation and Estimation.

U5: Time-Series Analysis**Teaching Hours: (12)****Development Needs:***Global, National***Skill Focused:***Employability, Entrepreneurship, Skill Development***Cross Cutting Issues:***Professional Ethics***U5-T1. Time-Series Analysis****Description**

Time Series – Meaning, Time Series Vs Longitudinal Data Vs Panel Data, Components of time series; additive and multiplicative models; Trend analysis: Finding trend by semi-average method, moving average method and least squares method.

Essential Reading

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Written examination conducted for 3 hours duration:

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and

seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: HUMAN RESOURCE MANAGEMENT

COURSE CODE: COH102-1

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - I)
- Bachelor of Commerce (SEMESTER - I)

Course learning Outcomes

CO1: Gain an understanding of the significance of human resources and the managerial roles involved in human resource administration.

CO2: Analyze job design, job analysis, and training concepts to identify their significance in managing human resources.

CO3: Recognize various approaches to HRM related to staffing, performance management, compensation, and strategic issues.

CO4: Evaluate contemporary HRM issues and practical techniques associated with the effective practice of human resource management.

CO5: Apply fundamental concepts of Human Resource Management in professional and personal contexts.

Sustainability Development Goals (SDG)

Decent work and economic growth, Gender equality, Good health and well-being, Industry, innovation and infrastructure, Reduced inequalities

21st Century Skills

Analytical thinking, Creative thinking, Curiosity and lifelong learning, Empathy and active listening, Leadership and social influence, Motivation and self-awareness, Quality control

Course Content

U1: Introduction to Human Resource Management

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction to Human Resource Management

Description

Meaning and importance of Human Resource Planning, Factors affecting Human Resource Planning, Forecasting the demand and supply of human resources; Recruitment – Internal and External Sources; Selection – Screening and Final Selection, Use of tests in the selection process; Placement – Basis of placement and problems involved in the placement process. Gig Workforce and Talent Market places ,AI enabled Recruitment (ATS, Chatbots, Resume Screening) Role of HR Policies in Fostering a Green Culture, Align HR practices with ESG (Environmental, Social, Governance) goals Using paperless recruitment, online interviews, and digital documentation

U2: Human Resource Planning

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values, Professional Ethics

U2-T1. Human Resource Planning

Description

Meaning and importance of Human Resource Planning, Factors affecting Human Resource Planning, Forecasting the demand and supply of human resources; Recruitment – Internal and External Sources; Selection – Screening and Final Selection, Use of tests in the selection process; Placement – Basis of placement and problems involved in the placement process.

U3: Job Analysis, Job Design and Training

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U3-T1. Job Analysis, Job Design and Training

Description

Job Analysis, Job Design and Training

Description Concept and uses of job analysis, Process and methods of job analysis; Job description and job specification; Role analysis; Concept of job design -Approach and methods of job design, Job redesign in India, Job simplification, Job rotation, Job enrichment and Job Enlargement; Difference Between Job Analysis and Job Design; Training: Meaning, Training versus development, Need for training, identification of training needs, methods of training-On the job and off the job methods (Recent trends in training using Extended reality Green Training and Development Training employees on: Energy conservation Waste reduction Sustainable work practices

U4: Performance Appraisal and Promotion

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U4-T1. Performance Appraisal and Promotion

Description

Performance Appraisal: Meaning and Objectives of Performance Appraisal; Methods of performance appraisal and Limitations; Identifying and measuring employee performance; Performance appraisal and Performance Management system (PA vs PMS); Purpose of promotion, Basis of Promotion, Types of promotion and transfer.

U5: Contemporary issues in HRM

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U5-T1. Contemporary issues in HRM

Description

Impact of Globalization on Human Resource Management; Human Resource Information Systems (HRIS); Employee Coaching, Counselling and Industrial Relations; Moonlighting by employees – Flexitime and Flexiwork; The Great Resignation and Quiet Quitting; Human Resource Evaluation-HR Audit, HR Metrics and HR Accounting, Organizational Politics, Outsourcing and Outplacement; Exit Policy and Practice, Future of HRM

Essential Reading

1. Stone, D.L., & Deadrick, D.L. (2021). Human Resource Management: A Strategic Approach. Wiley.

COURSE CODE: COH102-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

Assessment Component | Description | Marks | CIA I | Quizzes- role plays- objective type tests- written assignments- discussion forums- article reviews- case analysis etc. | 20 | CIA II | Mid Semester written examination conducted for 2 hours duration Sections Type Marks A Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) 3 X 5 = 15 B Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) 2 x 10 = 20 C Case Study (Compulsory) 1 x 15 = 15 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15 = 15 | 50 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15 = 15 | CIA III | Group work consisting of presentations- Viva voce- and report submission. | 20 |

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Written examination conducted for 3 hours duration:

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: COMPUTERISED ACCOUNTING

COURSE CODE: COH161-1

COURSE TYPE: Theory

TOTAL HRS: 3 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - I)
- Bachelor of Commerce (SEMESTER - I)

Course learning Outcomes

CO1: Understand the basic principles of accounting and apply them using Tally Prime software

CO2: Create and maintain various ledgers in Tally Prime, such as cash, bank, and party ledgers

CO3: Prepare financial statements such as balance sheets, profit and loss statements, and cash flow statements using Tally Prime

CO4: Use Tally Prime to manage inventory and track stock levels

CO5: Develop problem-solving skills through hands-on experience using Tally Prime software

Sustainability Development Goals (SDG)

Decent work and economic growth, Good health and well-being, Partnerships for the goals

21st Century Skills

Analytical thinking

Course Content

U1: Automation in Accounting

Teaching Hours: (6)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Automation in Accounting

Description

Meaning of Automation, Automation in Accounting, Impact on Accountants and Industry, Tally, XBRL, Blockchain, Cloud Computing in Accounting, Big Data in Accounting, Robotic Process Automation in Accounting, Recent innovations in Accounting: Connected Banking.

U2: Introduction to Tally Prime

Teaching Hours: (10)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Introduction to Tally Prime

Description

Introduction - Features of TallyPrime - Downloading and Installation of TallyPrime - Types of Licenses in TallyPrime - Activate New License - Reactivate License in TallyPrime - Use License from Network in a Multiuser Environment - Working TallyPrime in Educational Mode- Company - Creation and Setting up- Company Features in TallyPrime - Activating GST - Getting Started with TallyPrime - Configuration in Tally Prime - Alter Company - Shut Company

U3: Maintaining Chart of Accounts

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Maintaining Chart of Accounts

Description

Introduction - Chart of Accounts - Creators of Masters in Tally Prime - Accounting Masters - Group and Ledger Creation - Inventory Masters - Creation of Stock Group, Stock Category, Unit of Measure, Inventory, Stock Item and Godown - Alteration and Deletion of Masters - Multi Master Creation

U4: Recording and Maintaining Transactions

Teaching Hours: (15)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Recording and Maintaining Transactions

Description

Recording Transactions in Accounting Vouchers - Storage and Classification of Inventory - Accounts Receivable and Payables Management - Purchase and Sales order Management - Tracking Additional Cost of Purchase - Cost/Profit Centers - Budgets and Scenarios - Inter-state and Intra-State Transactions - Regular and Composition Dealer

U5: Generating Financial Statements and MIS Reports

Teaching Hours: (6)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U5-T1. Generating Financial Statements and MIS Reports

Description

Introduction - Final Accounts Reports - MIS Reports - Inventory Reports - Financial Reports - Books and Registers

Essential Reading

EXAMINATION PATTERN

COURSE NAME: COMPUTERISED ACCOUNTING

COURSE CODE: COH161-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA II 50

CIA Overall 50

COURSE NAME: CORPORATE ACCOUNTING

COURSE CODE: COH201- 3

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - III)
- Bachelor of Commerce (SEMESTER - III)

Course learning Outcomes

CO1: Estimate underwriters' liability and be able to pass journal entries in the books of the company.

CO2: Construct the income statement and balance sheet of a company according the schedule III of companies Act 2013

CO3: Illustrate journal entries ledger accounts for the redemption of debentures

CO4: Estimate the value of goodwill under various methods

CO5: Estimate the value of shares of a company under Net assets, Earning capacity and fair value method

CO6: Distinguish between pre and post incorporation profits by constructing a statement- Profit prior of incorporation of a company.

Sustainability Development Goals (SDG)

Decent work and economic growth, Quality education

21st Century Skills

Analytical thinking, Dependability and attention to detail, Quality control

Course Content

U1: Unit 1: Underwriting of Shares and Debentures

Teaching Hours: (12)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U1-T1. Introduction –Meaning of underwriting – Underwriting commission – Types of underwriting –Marked and Unmarked applications – Calculation of underwriter’s liability– Journal Entries in the books of the company on underwriter’s liability.

Description

U2: Unit 2: Final Accounts of Companies

Teaching Hours: (16)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U2-T1. Framework for preparation and presentation of Financial Statements – Compliance with Accounting standards- Form and contents of Statement of Profit or Loss and Balance Sheet as per SCHEDULE III (Division ii) – General Instructions for preparation of Statement of Profit and Loss and Balance Sheet – Disposal of company profits – dividend tax deducted at source -Declaration of dividends out of Reserves-Transfer to Reserves etc., excluding calculation of manageria

Description

U3: Unit 3: Redemption of Debentures

Teaching Hours: (12)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U3-T1. Meaning of debentures – Types of debentures - Redemption of debentures- Methods of redemption – problems on conversion method -problems on buying own debentures from open market (including ex-interest and cum interest quotations) – problems on redemption using sinking fund method

Description

U4: Unit 4: Valuation of Goodwill and Shares

Teaching Hours: (12)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U4-T1. Valuation of Goodwill – Meaning of Goodwill – Need for Valuation of Goodwill – Factors Affecting Valuation of Goodwill – Methods of Valuation – Average Profit Method – Super Profit Method – Annuity Method-Capitalization Method-Valuation of Shares – Need for Valuation –Factors Affecting valuation of Shares- Net Asset Method – Yield Method – Fair Value-Practical Problems

Description

U5: Unit 5: Profit Prior to Incorporation

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U5-T1. Meaning – Calculation of Profit with the help of Time –Sales – Weighted Ratio's- Ascertainment of Profit or Loss Prior to Incorporation-Problems related to Trading and Profit and Loss Accounts based on sales ratios, time ratios and weighted ratios.

Description

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and

seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: FINANCIAL MANAGEMENT

COURSE CODE: COH201- 4

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - IV)
- Bachelor of Commerce (SEMESTER - IV)

Course learning Outcomes

CO1: Explain the fundamental theories of financial management and apply Time Value of Money concepts to calculate present and future values using mathematical formulas, MS Excel, and financial tables.

CO2: Evaluate a firm's financing decisions by using capital structure theories and leverages to determine their impact on firm value.

CO3: Evaluate the costs of debt, preferred stock, and equity financing for the firm.

CO4: Evaluate long-term investment proposals to select the best alternative for the organization by applying capital budgeting tools.

CO5: Evaluate the importance of adequate working capital and to estimate working capital requirements for different organizations.

CO6: Analyse the relevance or irrelevance of the dividend decisions affecting the market value of the firm.

Sustainability Development Goals (SDG)

Decent work and economic growth

21st Century Skills

Analytical thinking, Creative thinking, Technological literacy

Course Content

U1: Introduction to Financial Management

Teaching Hours: (8)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U1-T1. Meaning - scope and functions of Finance – Types of finance -Financial management – Nature, Characteristic, Functions, Scope & Process - Objectives of financial management – profit maximization - wealth maximization – Value creation - Time Value of Money: concept and reasons, Compounding and Discounting techniques, Concepts of Annuity and Perpetuity-practical problems (using MS excel also).

Description

U2: Financing Decision

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U2-T1. Sources of Finance - Meaning of Capital Structure; Capital Structure and Financial Structure; Pattern of Capital Structure; Optimum Capital Structure – - Factors determining capital structure - Financial break even and indifference point (Only theory). Capital Structure Theories: net income approach, net operating income approach, traditional approach and MM approach (Only theory) EBIT – EPS Analysis- Concepts of leverages - operating leverages - financial leverages - combined leverages.

Description

U3: Cost of Capital

Teaching Hours: (8)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U3-T1. Concept, relevance of cost of capital- weighted average cost of Capital (computation). Computation of cost of specific source- cost of equity capital, cost of Retained Earnings, cost of Debt, and cost of Preference (only simple problems). green finance.

Description

U4: Investment Decision - Capital Budgeting

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U4-T1. Long term and short term investment decisions - capital budgeting - importance – procedure - Factors Determining Capital Budgeting - Steps in Capital Budgeting - Cash flow Estimation Methods of capital budgeting - payback period - Net present value & profitability index - Accounting rate of return -Internal rate of return – Problems based on each method- merits and demerits of each of the methods.

Description

U5: Investment Decision - Working Capital Management

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U5-T1. Meaning - concept of working capital, need for working capital - types of working capital - Factors affecting working capital needs - adequacy of working capital - Sources of Working Capital, Management of working capital –Principles of Working Capital - working capital cycle - working capital estimation and calculation. Meaning of cash and receivables management- Objectives of cash and receivables management- Cost of maintaining receivables - Factors affecting receivable management

Description

U6: Dividend Decision

Teaching Hours: (8)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

None

U6-T1. Dividend decision and valuation of firm – Meaning and form of dividend – stability of dividend – dividend policy – determinants of dividend policy – theories of dividend – relevance and irrelevance – Walter Model - Gordon Model (Problems) - Modigliani and Miller theory (only theoretical concepts)

COURSE NAME: PRINCIPLES AND PRACTICE OF AUDITING

COURSE CODE: COH201-5

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - V)
- Bachelor of Commerce (SEMESTER - V)

Course learning Outcomes

CO1: Explain various concepts relating to Auditing and list differences between book-keeping, accountancy, and audit

CO2: Apply audit preparation procedures in planning an audit by the auditor

CO3: Differentiate between internal check, internal control, and Internal audit.

CO4: Explain the concept of vouching and apply tools, techniques and procedures for verification and Valuation of Assets & Liabilities

CO5: Analyse the conditions for appointment and removal of auditors, their, qualifications, powers, duties, and liabilities.

CO6: Apply the concepts of Auditing to identify errors in framing the Financial Statements of the Companies

Sustainability Development Goals (SDG)

Decent work and economic growth, Quality education

21st Century Skills

Analytical thinking, Dependability and attention to detail, Quality control

Course Content

U1: Introduction to Audit

Teaching Hours: (9)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values, Professional Ethics

U1-T1. Introduction to Audit

Description

Origin of audit, meaning, definition, purpose and functions of audit, factors responsible for the growth of auditing, advantages and limitations of audit- Difference between book keeping, accountancy and audit, Objects of Audit– Main object & Secondary objectives, Errors, Location of errors, Position of Auditors in relation to errors & frauds, different types of audit and their relative advantages, statutory audit- partial audit- cash audit- interim audit, balance sheet audit, cost audit and occasions audit; Investigation- Meaning, difference between Investigation and Auditing; Investigation regarding business purchase and investments, Professional ethics of an auditor

U2: Preparation Before and Procedure of Audit

Teaching Hours: (9)

Development Needs:

National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Preparation Before and Procedure of Audit Preparations before audit- preparations by the auditor– considerations at the commencement of audit, audit program, audit files, audit notebook, audit working papers. Procedure of audit - adoption of distinctive ticks–`- routine checking- Test checking.

Description

U3: Internal Control, Internal Check & Internal Audit

Teaching Hours: (10)

Development Needs:

National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values, Professional Ethics

U3-T1. Internal Control, Internal Check & Internal Audit (A) Internal Control: Meaning, Importance, Elements for internal control. Evaluation of internal control system - Internal control questionnaire. (B) Internal Check: Meaning, definitions, fundamental principles, internal check as regards wages, cash sales, cash purchases, internal check in a store. (C) Internal Audit: Meaning, importance advantages and limitations; Differences between Internal audit and statutory audit.

Description

U4: Vouching

Teaching Hours: (11)

Development Needs:

National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Vouching

Description

Meaning, definition, importance of vouching, routine checking and vouching, voucher types of vouchers, vouching of receipts, vouching of cash sales, receipts from debtors, bills receivable, proceeds from the sale of investments and buildings; Vouching of payments - vouching of cash purchases - payments of creditors, bills payable, purchase of building, plant and machinery and patent rights, vouching of deferred revenue expenditure - preliminary expenses, cost of issue of shares and debentures, underwriting commission

U5: Verification and Valuation of Assets & Liabilities

Teaching Hours: (11)

Development Needs:

National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U5-T1. Verification and Valuation of Assets & Liabilities

Description

Definition general principles, difference between verification and valuation - Auditor's position as regards valuation of assets - Verification and valuation of fixed assets- good will- land and building - plant and machinery - patents and trademarks – investments - Current assets - cash in hand, cash at bank, sundry debtors, stock in trade and bills receivable, methods of valuing stock in trade, verification of liabilities, sundry creditors, bills payable, outstanding expenses and contingent liabilities

U6: Company Auditor and Audit of Limited Companies

Teaching Hours: (10)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values, Professional Ethics

U6-T1. Company Auditor and Audit of Limited Companies

Description

Company Auditor: - Appointment, qualifications and removal, powers, duties and liabilities of an auditor- civil and criminal. Audit of Limited Companies- Audit of financial statements – Balance sheet & Profit & Loss account, Contents of Audit Report – types of report audit reports. Audit of Share Capital and Transfer of Shares, Profits vs. divisible profits - Kinds of reserves- specific, general capital and reserves, duties of an auditor, legal provisions and reserves, provisions as to payment of dividend.

EXAMINATION PATTERN

COURSE NAME: FINANCIAL MARKETS AND INSTITUTIONS

COURSE CODE: COH202-3

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

Assessment Component | Description | Marks | CIA I | Quizzes- role plays- objective type tests- written assignments- discussion forums- article reviews- case analysis etc. | 20 | CIA II | Mid Semester written examination conducted for 2 hours duration Sections Type Marks A Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) 3 X 5 = 15 B Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) 2 x 10 = 20 C Case Study (Compulsory) 1 x 15 = 15 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15 = 15 | 50 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15 = 15 | CIA III | Group work consisting of presentations- Viva voce- and report submission. | 20 |

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Written examination conducted for 3 hours duration:

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and

seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: PRINCIPLES AND PRACTICE OF BANKING

COURSE CODE: COH202-4

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - IV)
- Bachelor of Commerce (SEMESTER - IV)

Course learning Outcomes

CO1: CO1: Analyse the origin, evolution, and role of banks and the banker–customer relationship.

CO2: CO2: Evaluate the operational procedures related to deposit accounts and negotiable instruments.

CO3: CO3: Examine lending principles, credit appraisal methods, and management of loan assets.

CO4: CO4: Assess the regulatory framework governing banking operations and financial stability in India.

CO5: CO5: Analyse the impact of technology adoption and digital innovations in banking.

Sustainability Development Goals (SDG)

Decent work and economic growth, Industry, innovation and infrastructure

21st Century Skills

Analytical thinking, Dependability and attention to detail, Technological literacy

Course Content

U1: Introduction to Banking

Teaching Hours: (12)

Development Needs:

Local, National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U1-T1. Introduction to Banking

Description

Introduction to Banking – Origin and Evolution of Banking – Growth of Commercial Banks in India – Types of Banks (Commercial, Cooperative, Regional Rural, Development Banks) – Financial Services offered by Banks – Changing Role of Commercial Banks – Banker and Customer Relationship (General and Special) – Types of Customers – Rights and Obligations of Banker and Customer – AI-based KYC, AML, and Fraud Detection – Ethical Dimensions in Banking Relationships.

U2: Operational Aspects of Deposit Accounts

Teaching Hours: (12)

Development Needs:

Local, National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U2-T1. Operational Aspects of Deposit Accounts

Description

Banker as a Debtor and Creditor – Types of Deposit Accounts (Savings, Current, Fixed, Recurring) – Mandate and Power of Attorney – Banker's Lien and Right of Set-off – Payment and Collection of Cheques – Duties and Responsibilities of Paying Banker and Collecting Banker – Protection under Negotiable Instruments Act – Endorsements – Forged Instruments – Dishonour/Bouncing of Cheques and Legal Implications.

U3: Bank Lending

Teaching Hours: (12)

Development Needs:

Local, National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U3-T1. Bank Lending

Description

Principles of Bank Lending(Green Lending) – Types of Credit Facilities (Cash Credit, Overdraft, Term Loans) – Working Capital and Term Finance – AI in Credit Appraisal– Approaches to Lending – Credit Management and Monitoring – AI in NPA – Priority Sector Lending – Factoring – Ancillary Services – Remittances – Safe Deposit Lockers – Operational Aspects of Loan Accounts – Types of Collaterals and their Characteristics.

U4: Banking Regulations and Financial Stability

Teaching Hours: (12)

Development Needs:

Local, National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U4-T1. Banking Regulations and Financial Stability

Description

Need and Importance of Banking Regulation – Banking Regulation Act, 1949 – KYC and AML Guidelines – Banking Frauds and Preventive Measures – Banking Codes and Customer Protection – Basel Norms – SARFAESI Act – Asset Reconstruction Companies (ARCs) – Banking Ombudsman Scheme – Policies related to Priority Sector and MSMEs – Agricultural Finance – Financing to MFIs – Co-lending Arrangements with NBFCs – Government Sponsored Schemes – Self-Help Groups (SHGs). Regulatory Support for Sustainable and Green Banking Initiatives

U5: Banking Technology

Teaching Hours: (12)

Development Needs:

Local, National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Professional Ethics

U5-T1. Banking Technology

Description

E-Banking – Meaning and Benefits – Home Banking – Mobile Banking – Internet Banking – Virtual Banking – Electronic Payment Systems – ATM Cards and Biometric Cards – Smart Cards – Core Banking Solutions (CBS) Environment – National Payments Corporation of India (NPCI) – Impact of Technology on Banking Operations – Green Banking through Digital Transformation- Emerging Trends in Banking Technology - Modern Delivery Channels - Drone-based payments -Open Banking models - Neo banking Models -Virtual banking models - Security aspects of digital banking systems - Revolution of Banking systems using modern technologies

EXAMINATION PATTERN

COURSE NAME: ADVANCED ACCOUNTING

COURSE CODE: COH204-6

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA I (20 marks) MSE (50 marks) CIA III (20 marks)

Assessment Component | Description | Marks | CIA I | Quizzes- role plays- objective type tests- written assignments- discussion forums- article reviews- case analysis etc. | 20 | CIA II | Mid Semester written examination conducted for 2 hours duration Sections Type Marks A Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) 3 X 5 = 15 B Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) 2 x 10 = 20 C Case Study (Compulsory) 1 x 15= 15 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | 50 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions out of which third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | CIA III | Group work consisting of presentations- Viva voce- and report submission. | 20 |

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Written examination conducted for 3hours duration:

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions out of which six and seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: MARKETING MANAGEMENT

COURSE CODE: COH205-6

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - VI)
- Bachelor of Commerce (SEMESTER - VI)

Course learning Outcomes

CO1: Develop an understanding about the evolution of marketing and its relevance.

CO2: Create a marketing plan for a product or service that will meet the goals of an organization.

CO3: Evaluate the marketing strategy for an existing product.

CO4: Solve marketing problems and choose appropriate analytics techniques.

Sustainability Development Goals (SDG)

Consumption and production, Decent work and economic growth, Industry, innovation and infrastructure, Peace, justice and strong institutions, Sustainable cities

21st Century Skills

Creative thinking, Dependability and attention to detail, Motivation and self-awareness, Resilience flexibility and agility

Course Content

U1: Fundamentals of Marketing

Teaching Hours: (12)

Development Needs:

Global, Local, National

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Human Values, Sustainability

U1-T1. Fundamentals of Marketing

Description

Defining Marketing in 21st Century - Importance - Scope - Marketing Mix - Issues and challenges in Marketing in India - Marketing for social cause - Building customer satisfaction, value, loyalty, retention - Marketing Environment - Introduction to AI-driven marketing systems - Sustainable marketing practices sustainable product design, eco-friendly packaging, ethical sourcing, lifecycle assessment, energy efficiency, and consumer awareness towards environmentally responsible consumption

U2: STP Approach

Teaching Hours: (12)

Development Needs:

Global, Local, National

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Sustainability

U2-T1. STP Approach

Description

- Developing & Communicating a Positioning Strategy - Writing Positioning Statement - Differentiation Strategies - Case Study - Value position and USP.

Marketing strategy-types - Levels of Market Segmentation - Segmenting Consumer Markets - Bases for Segmenting Business Markets - Market Targeting - Case Study - AI-enabled customer segmentation and targeting - Role & Scope of Brands - Brand Equity - Devising a Branding Strategy - Brand Positioning - Sustainable and purpose-driven branding

U3: Salesmanship and Service Marketing

Teaching Hours: (12)

Development Needs:

Global, Local, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Environment, Human Values, Professional Ethics, Sustainability

U3-T1. Salesmanship and Service Marketing

Description

Salesmanship: Meaning, Definition, Characteristics, Concept, Kinds, Nature, Evolution, and Psychology in Selling, Functions and Importance. Service Marketing - Goods Versus Services, Service Triangle, Service Quality, Applications in Marketing of Financial Services - Need and scope - Regulating framework of financial services Marketing of hospitality/hospital, tourism and the regulatory framework.

U4: Marketing Communication

Teaching Hours: (12)

Development Needs:

Global, Local, National

Skill Focused:

Employability, Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Human Values, Sustainability

U4-T1. Marketing Communication

Description

Marketing Communication process - Promotional tools - Factors in setting marketing communication mix - Measuring communication results - Marketing Communication Effectiveness - AIDA - DAGMAR - Hierarchy of Effects Model - Integrated Marketing Communications (IMC) - AI in marketing communication (chatbots, programmatic advertising, AI content tools) - Ethics and social responsibility in IMC campaigns, Green advertising, sustainability storytelling, eco-labels, environmental claims, greenwashing issues, transparency in environmental communication, and regulatory standards in India (ASCI guidelines). - Social listening and sentiment analysis

U5: Marketing Research and Analytics

Teaching Hours: (12)

Development Needs:

Global, Local, National

Skill Focused:

Employability, Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Human Values, Professional Ethics

U5-T1. Marketing Research and Analytics

Description

- Future of Marketing Analytics. Introduction- Meaning of Marketing Research -Types - Scope - Marketing Research process -Introduction to Big Data andInternet of Things (IoT) - Digital Marketing -Content Marketing, EmailMarketing, Mobile Marketing, Affiliate Marketing, Paidsearch Marketing, SEO -Marketing Analytics as an enabler of Marketing Strategy- POS Data - AssortmentOptimization - Shelf-space optimization - Market BasketAnalysis - MarketingBudget Optimization across Channels - Introduction toAI in marketinganalytics - sentiment analysis, image analytics, sociallistening tools,predictive analytics (conceptual) - Sustainabilitymetrics andESG reporting basics

Essential Reading

2. Kotler, P., Kartajaya, H., & Setiawan, I. (2021). Marketing 5.0: Technology for humanity. Hoboken, NJ: Wiley.

EXAMINATION PATTERN

COURSE NAME: MARKETING MANAGEMENT

COURSE CODE: COH205-6

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA I = 20 Marks

CIA II= 50 Marks

CIA III= 20 Marks

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

ESE 100 Marks

COURSE NAME: SPREADSHEETS FOR BUSINESS

COURSE CODE: COH261-2

COURSE TYPE: Theory

TOTAL HRS: 3 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - II)
- Bachelor of Commerce (SEMESTER - II)

Course learning Outcomes

CO1: Demonstrate basic data cleaning and pre-processing in Excel

CO2: Apply Financial, Logical, Statistical, Reference and Text Excel functions to solve Accounting and finance problems

CO3: Construct payroll, Ratio analysis, Cash flow statement of a business using Excel VBA.

Sustainability Development Goals (SDG)

Consumption and production, Decent work and economic growth

21st Century Skills

Analytical thinking, Dependability and attention to detail, Technological literacy

Course Content

U1: Introduction

Teaching Hours: (12)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Employability, Entrepreneurship, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction

Description

Spreadsheet - Workbook - Cell Referencing, Cell Addressing, File Menu; Home Menu, Range, Conditional Formatting, formatting as a Table, Cell Styles, AutoSum, Sort and Filter; Insert Menu: Inserting Tables and Pivot Tables, Smart Arts, Charts; Page Layout, Review and View Menus; Freeze panel Data view: Converting Text to Columns, Removing Duplicates, Data Validation, Grouping and Ungrouping. Basic Excel functions: flash fill, sum, Average, Min, Max, count, sum-product.

U2: Financial, Logical and Text Functions

Teaching Hours: (12)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Text, Logical and Financial Functions

Description

Text Functions: UPPER, LOWER, LEFT, RIGHT, TRIM, T, TEXT, LEN, DOLLAR, EXACT, CONCATENATE Logical Functions : AND, OR, NOT, IF, TRUE Financial Functions: Depreciation (DB, DDB, VDB), Simple Interest (PMT, NPER, INTRATE) - Present Value, Net Present Value, Future Value (PV, NPV, FV) - Internal Rate of Return (IRR, MIRR); Practical exercises based on Text, Logical and Financial functions.

U3: Statistical and Reference Functions

Teaching Hours: (9)

Development Needs:

Global, National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Date & Time, Lookup & Reference and Statistical Functions

Description

Date & Time Functions: DATE, DATEVALUE, DAY, DAYS360, NOW, TIME, TIMEVALUE, WORKDAY, WEEKDAY, YEAR; Lookup and Reference Functions : HLOOKUP, VLOOKUP, TRANSPOSE, GETPIVOTDATA, HYPERLINK; Statistical Functions: Mean, Median, Mode, Standard Deviation, Correlation, Skewness, F Test, Z Test, Chi-Square Analysis; Practical Exercises based on Date & Time, Lookup & Reference and Statistical Functions

U4: Projects and Applications

Teaching Hours: (12)

Development Needs:

Global, National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Projects and Applications

Description

Ratio Analysis, Cash Flow Statement, Payroll Processing, Marketing, Sales and Advertising Data Analytics, Social Media Marketing Analysis, Basic applications with Macros and VBAs, and Trending business applications using MS Excel.

COURSE NAME: MANAGEMENT ACCOUNTING

COURSE CODE: COH301-5

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - V)
- Bachelor of Commerce (SEMESTER - V)

Course learning Outcomes

CO1: Explain the importance of management accounting in aiding organizational planning and control.

CO2: Analyze and interpret the firm's performance through various tools and techniques of management accounting.

CO3: Evaluate the managerial decisions by applying cost, profit, and volume analyses.

CO4: Prepare cash and flexible budgets to propose improvements in organizational planning.

CO5: Draft reports for decision-making under different business situations

Sustainability Development Goals (SDG)

Decent work and economic growth

21st Century Skills

Analytical thinking, Creative thinking, Quality control

Course Content

U1: Introduction

Teaching Hours: (5)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction

Description

Evolution of Management Accounting, Meaning and Definition, Nature, Scope and Importance of Management Accounting, objectives and Functions of Management Accounting, relationship between Financial, Cost and Management Accounting, Distinction between Management accounting and financial Accounting, distinction between Management Accounting and Cost Accounting, Management Accountant: His status and Functions, duties of a Management Accountant.

U2: Analysis and Interpretation of Financial Statements

Teaching Hours: (7)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Analysis and Interpretation of Financial Statements

Description

Concept and types of Financial Statements, Meaning, purpose and types of Financial Statement analysis, techniques/tools of analysis and interpretation – Comparative Income Statements, Comparative Balance Sheets, Common Size Income Statements, Common Size Balance Sheets, Trend Analysis (problem solving using chalk and talk as well as using excel).

U3: Ratio Analysis

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Ratio Analysis

Description

Meaning of Ratio, objectives of Ratio Analysis, Significance of Ratio Analysis, Limitations of Ratio Analysis, Classification of Ratios, calculation and interpretation of ratios- profitability ratios, liquidity ratios, solvency ratios, advanced problems on the above (including preparation of Income statement and Balance sheet) Case Study on Financial Ratio Analysis.

U4: Cash Flow Statement

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. Cash Flow Statement

Description

Introduction of CFS, utility and limitations of CFS, Preparation of Cash flow Statement (Indirect method).

U5: Marginal Costing

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U5-T1. Marginal Costing

Description

Introduction, meaning of marginal cost and marginal costing, distinction between Absorption costing and Marginal costing, Contribution, Profit Volume Ratio, break Even Point, Margin of Safety, and Sales to earn a desired profit. Application of Marginal costing – Fixing selling price, Accept or reject an order, Profit Planning, Make or Buy decision, Shut down or continue, Problem of Key factor and Determination of sales mix.

U6: Budgetary Control and Management Reporting

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U6-T1. Budgetary Control and Management Reporting

Description

Introduction-Meaning, Objectives, Essentials of Budgetary Controls, Classification of Budgets, Steps in Budgeting, Preparation of Cash Budget and Flexible Budget, Zero base budgeting- Concept and Significance- Responsibility Accounting- Concept and Significance.

Meaning of Reporting and Reports, Essentials of an ideal report, Designing and Installation of Reporting system, Types of Reports, Drafting of Reports under different situations. Ethical considerations for management accounting professionals (Case study)

Essential Reading

R.K. Sharma, Shashi k Gupta (2021). Cost & Management Accounting. New Delhi: Kalyani Publishers

Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: BASICS OF ACCOUNTANCY AND ECONOMICS

COURSE CODE: COM001-1

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Accountancy and Taxation) (SEMESTER - I)
- Bachelor of Commerce (Applied Finance and Analytics) (SEMESTER - I)
- Bachelor of Commerce (Finance and Investment) (SEMESTER - I)
- Bachelor of Commerce (SEMESTER - I)
- Bachelor of Commerce (Strategic Finance) (SEMESTER - I)
- Bachelor of Commerce (Work Integrated) (SEMESTER - I)
- Bachelor of Science (Accountancy and Analytics) (SEMESTER - I)

Course learning Outcomes

CO1: Understand the basic concepts and objectives of accounting

CO2: Apply accounting principles and double entry system to record transactions

CO3: Prepare ledger accounts and trial balance

CO4: Explain fundamental concepts of economics and economic problems

CO5: Analyse demand and supply concepts and market equilibrium

CO6: Understand national income concepts and the impact of inflation

Sustainability Development Goals (SDG)

Consumption and production, Decent work and economic growth, No poverty

21st Century Skills

Analytical thinking

Course Content

U1: Introduction to Accounting

Teaching Hours: (5)

Development Needs:

Local

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U1-T1. Meaning and Objectives of Accounting – Users of Accounting Information – Book Keeping vs Accounting – Branches of Accounting – Accounting Terminologies.

U2: Accounting Concepts and Double Entry System

Teaching Hours: (5)

Development Needs:

Local

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U2-T1. Accounting Concepts and Conventions – Double Entry System – Types of Accounts – Rules of Debit and Credit – Journal Entries.

Teaching Hours: (5)

Development Needs:

Local

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U3-T1. Ledger Posting – Balancing of Accounts – Trial Balance – Errors and Rectification (Introductory level). Introduction to Partnership accounts

U4: Introduction to Economics

Teaching Hours: (5)

Development Needs:

National

Skill Focused:

Entrepreneurship

Cross Cutting Issues:

Professional Ethics, Sustainability

U4-T1. Meaning and Scope of Economics – Micro and Macro Economics – Basic Economic Problems – Opportunity Cost – Production Possibility Curve

U5: Demand and Supply

Teaching Hours: (5)

Development Needs:

National

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U5-T1. Law of Demand – Law of Supply – Determinants – Elasticity of Demand – Market Equilibrium.

U6: National Income and Inflation

Teaching Hours: (5)

Development Needs:

National

Skill Focused:

Entrepreneurship

Cross Cutting Issues:

Professional Ethics

U6-T1. Meaning of National Income – Concepts of National Income – Methods of Measurement – Inflation: Meaning, Causes and Effects.

Essential Reading

Author:

Paul A. Samuelson, William D. Nordhaus Title: Economics Edition: 20th Edition (most commonly listed edition) Publisher: McGraw Hill Education (often published by McGraw-Hill / Tata McGraw Hill for Indian editions) Details: Widely used comprehensive economics textbook covering microeconomics and macroeconomics fundamentals. Copy-ready reference: Samuelson, P. A., & Nordhaus, W. D. Economics (20th ed.). McGraw Hill Education.

EXAMINATION PATTERN

COURSE NAME: BASICS OF ACCOUNTANCY AND ECONOMICS

COURSE CODE: COM001-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA 50

COURSE NAME: BUSINESS LAW

COURSE CODE: COM101-1

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Accountancy and Taxation) (SEMESTER - I)
- Bachelor of Commerce (Applied Finance and Analytics) (SEMESTER - I)
- Bachelor of Commerce (Finance and Investment) (SEMESTER - I)
- Bachelor of Commerce (SEMESTER - I)
- Bachelor of Commerce (Strategic Finance) (SEMESTER - I)
- Bachelor of Commerce (Work Integrated) (SEMESTER - I)
- Bachelor of Science (Accountancy and Analytics) (SEMESTER - I)

Course learning Outcomes

CO1: Analyze the fundamental principles of agreements and contracts under the Indian Contract Act, 1872, including the rules relating to offer, acceptance, consideration, and capacity/competency to contract.

CO2: Evaluate the concept of free consent, its implications on contractual validity, the legality of object, and interpret judicial decisions under the Indian Contract Act, 1872.

U5-T1. Competition Act, 2002

Description

Competition- Meaning and Nature, Fair and Unfair competitive practices, Dominant Position, Malicious Economic Practices, Anti-Competitive Agreements (Algorithmic Collusion & Digital Cartels), Types and sub-types of Anti-Competitive Agreements, Definition of Combination, Competition Commission of India (CCI), Establishment Composition. Landmark judgments.

Essential Reading

Garg, K. C., Sareen, V. K., Sharma, M., & Sharma, G. (2022). Business Laws. Kalyani Publishers. ISBN 9789355400741

EXAMINATION PATTERN

COURSE NAME: BUSINESS LAW

COURSE CODE: COM101-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

Assessment Component | Description | Marks | CIA I | Quizzes- role plays- objective type tests- written assignments- discussion forums- article reviews- case analysis, etc. | 20 | CIA II | Mid-semester written examination conducted for a 2-hour duration Sections Type Marks A Short Answer Questions (Answer ALL three questions, of which the third question will be an internal choice. Each question carries five marks) 3 X 5 = 15 B Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) 2 x 10 = 20 C Case Study (Compulsory) 1 x 15= 15 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions, of which the third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | 50 | Sections | Type | Marks | A | Short Answer Questions (Answer ALL three questions, of which the third question will be an internal choice. Each question carries five marks) | 3 X 5 = 15 | B | Conceptual / Descriptive/Problem Type questions (Answer ALL two questions out of which one will be an internal choice. Each question carries ten marks) | 2 x 10 = 20 | C | Case Study (Compulsory) | 1 x 15= 15 | CIA III | Group work consisting of presentations- Viva voce- and report submission. | 20 |

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Written examination conducted for a 3-hour duration:

Sections | Type | Marks | A | Short Answer Questions (Answer ALL seven questions, out of which six and seven have internal choice). Each question carries five marks | $7 \times 5 = 35$ | B | Conceptual / Descriptive/Problem Type questions (Answer ALL five questions, out of which two questions are internal choice). Each question carries ten marks) | $5 \times 10 = 50$ | C | Case Study (Compulsory) | $1 \times 15 = 15$ |

COURSE NAME: CORPORATE LAW AND ADMINISTRATION

COURSE CODE: COM101-2

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Accountancy and Taxation) (SEMESTER - II)
- Bachelor of Commerce (Applied Finance and Analytics) (SEMESTER - II)
- Bachelor of Commerce (Finance and Investment) (SEMESTER - II)
- Bachelor of Commerce (SEMESTER - II)
- Bachelor of Commerce (Strategic Finance) (SEMESTER - II)
- Bachelor of Science (Accountancy and Analytics) (SEMESTER - II)

Course learning Outcomes

CO1: Analyze and differentiate the concept of a Company and LLP, and examine the procedural requirements for their formation.

CO2: Evaluate and categorize different types of company-related documents and judge their binding effects on various stakeholders.

CO3: Analyze the role of the Board of Directors (BOD) and Key Managerial Personnel (KMPs) in company administration, and analyze the procedural requirements for conducting different types of meetings, including committee meetings.

CO4: Critically evaluate the provisions relating to dividends, books of accounts, and reports, and assess their statutory requirements for the Company.

CO5: Evaluate and compare different modes of winding up a company and critically analyze the relevance of the Insolvency and Bankruptcy Code (IBC), 2016 in corporate restructuring.

Sustainability Development Goals (SDG)

Gender equality, Peace, justice and strong institutions

21st Century Skills

Analytical thinking, Creative thinking

Course Content

U1: Introduction and Jurisprudence of Company Law

Teaching Hours: (15)

Development Needs:

National

Skill Focused:

Employability, Entrepreneurship

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction and Jurisprudence of Company Law

Description

History of Company Law and scope; Company and its Characteristics; Lifting of corporate veil, types of companies including one-person company, Conversion of private company to One Person company, small company and dormant company; association not for profit; illegal association and Limited Liability Partnership (LLP); formation of company, on-line filing of documents, on-line registration of a company; promoters, their legal position, pre-incorporation contract-AI-Powered MCA21 V3 Portal

U2: Documents

Teaching Hours: (15)

Development Needs:

National

Skill Focused:

Employability, Entrepreneurship

Cross Cutting Issues:

Professional Ethics

U2-T1. Documents

Description

Documents : Memorandum of association and its contents; Articles of association and its contents; Entrenchment clause, Doctrine of Ultra vires, Doctrine of Constructive Notice and Doctrine of Indoor management, prospectus and its types; Misstatement in prospectus; liability for misstatements.

U3: Management

Teaching Hours: (16)

Development Needs:

National

Skill Focused:

Employability, Entrepreneurship

Cross Cutting Issues:

Human Values, Professional Ethics

U3-T1. Management and ESG compliance

Description

Management and ESG compliance

: Director and its Classification including Women directors, Independent directors, Small shareholder's director; Disqualifications, Director Identification Number (DIN); Their appointment; Legal positions, powers and duties; removal of directors; Key Managerial Personnel.

Meetings: Meetings of shareholders and board; Types of meeting, convening and conduct of meetings, Quorum, Agenda, proxy forms, Minutes book and Voting Methods including postal ballot, Ordinary and Special resolution,, drafting of resolutions, Circular Resolution, e-voting; Corporate Governance and Committee, Committees of Board of Directors - Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee, Corporate Social Responsibility Committee, Grievance Redressal Committee.

ESG Framework: ESG Vs.CSR-BRSR (BusinessResponsibility and Sustainability Report)- NGRBC(National Guidelines forResponsible Business Conduct)

U4: Dividends, Books of Account, Secretarial Audit and Reports

Teaching Hours: (7)

Development Needs:

Global, National

Skill Focused:

Employability, Entrepreneurship

Cross Cutting Issues:

Human Values, Professional Ethics

U4-T1. Dividends, Books of Account and Reports

Description

Dividends, Accounts, Audit: Provisions relating to payment of Dividends, Interim dividend, Declaration of dividend out of reserves, provisions relating to Unpaid and unclaimed dividends, Provisions relating to Books of Account, IEPF with relation to Dividends, Board's Report.

U5: Winding up, Insolvency and administration of Company Law

Teaching Hours: (7)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values

U5-T1. Winding up, Insolvency and administration of Company Law

Description

Winding Up and IBC: Concept and modes of Winding Up, Introduction to Insolvency and Bankruptcy Code, 2016: Need for the Insolvency and Bankruptcy Code; Overall scheme of the Insolvency and Bankruptcy Code; Important Definitions; Institutions under Insolvency and Bankruptcy Code, 2016. Administration of Company Law [including National Company Law Tribunal (NCLT), National Company Law Appellate Tribunal (NCLAT), Special Courts].

COURSE NAME: BUSINESS ANALYTICS

COURSE CODE: COM101-3

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - III)
- Bachelor of Commerce (SEMESTER - III)

Course learning Outcomes

CO1: Analyze the Evolution and Frameworks of Business Analytics

CO2: Apply Descriptive Analytics Techniques for Data Interpretation.

CO3: Analyse Predictive Models for Business Decision-Making

CO4: Analyse and Optimize Decision Models Using Prescriptive Analytics

CO5: Evaluate Advanced Trends in Business Analytics and Data Visualization

Sustainability Development Goals (SDG)

Decent work and economic growth

21st Century Skills

Analytical thinking, Creative thinking, Dependability and attention to detail, Technological literacy

Course Content

U1: Introduction to Business Analytics

Teaching Hours: (12)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction to Business Analytics

Description

Business Analytics – Evolution of Business Analytics - Concept of analytics and its significance in decision-making processes. Understanding the science behind data-driven decision-making in various business contexts. Exploring the 5V's of data (Volume, Velocity, Variety, Veracity, and Value) and their impact on analytics. Types of Analytics: Descriptive, Predictive, and Prescriptive, and their respective purposes. Examining the Business Analytics maturity curve and its implications. Application fields of Business Analytics: Marketing, Finance, HR, Operations, Sports, Healthcare, etc. Framework for Data-Driven Decision Making and Analytics Capability Building. Roadmap for developing analytics capabilities within organizations. Challenges in Data-Driven Decision Making and Future Trends in Business Analytics. Problem-solving methodologies with analytics. CRISP Framework for Business Analytics. Role of Artificial Intelligence in the Evolution of Business Analytics. Difference between Traditional Analytics vs AI-driven Analytics.

U2: Descriptive Analytics

Teaching Hours: (10)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U2-T1. Descriptive Analytics

Description

Introduction to Descriptive Analytics, Data Types - Structured and Unstructured Data, Cross-Sectional, Time Series, and Panel Data. Types of Data Measurement Scales, Measures of Central Tendency, Percentile, Decile, and Quartile, Measures of Variation, Measures of Shape-Skewness and Kurtosis. Frequency Distribution and Histogram. Correlation analysis, Data Visualization – Histogram, Bar chart, Pie Chart, Scatter Plot using Excel. Application of these concepts in the fields of finance, human resources, marketing, etc. Introduction to Green Finance and Sustainable Analytics. Descriptive analysis based on actual Carbon emissions data, Energy consumption trends, ESG performance indicators. Exercises And Cases: Descriptive Analytics

U3: Predictive Analytics

Teaching Hours: (16)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U3-T1. Predictive Analytics

Description

Modeling Relationships and Trends in Data, Analytics in Practice: Using Predictive Trendline Models, Simple Linear Regression, Finding the Best-Fitting Regression Line, Using Regression Models for Prediction, Least-Squares Regression, Simple Linear Regression with Excel, Regression as Analysis of Variance, Testing Hypotheses for Regression Coefficients, Confidence Intervals for Regression Coefficients, Residual Analysis, and Regression Assumptions, Checking Assumptions, Multiple Linear Regression, Analytics in Practice: Using Linear Regression and Interactive Risk Simulators to Predict Performance, Building Good Regression Models, Correlation and Multicollinearity, Practical Issues in Trendline and Regression Modeling, Regression with Categorical Independent Variables, Categorical Variables with More Than Two Levels. Introduction to Machine Learning for Prediction, Difference between Regression Models and Machine Learning Models.

Case and Exercise: Predictive Analytics

U4: Prescriptive Analytics and Decision-Making

Teaching Hours: (12)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U4-T1. Prescriptive Analytics and Decision-Making

Description

Optimization Model – Elements of Optimization model. Assumptions of Linear Programming. Developing a Linear Optimization Model for a business scenario. Formulating Decision problem – Decision outcome with and without outcome probabilities.

Exercises and Cases: Prescriptive and Decision Analysis.

U5: Trends in Business Analytics and Data Visualization

Teaching Hours: (10)

Development Needs:

Global, National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

None

U5-T1. Trends in Business Analytics and Data Visualization

Description

Data Mining - Artificial Intelligence and Machine Learning - Fundamentals of AI and ML - Applications of AI/ML in business analytics. IoT and Sensor Data Analytics - Internet of Things (IoT) and its impact on data generation - Sensor data analytics for predictive maintenance, supply chain optimization, etc. Case studies and industry examples. Blockchain and Data Security - Overview of blockchain technology - Applications in data security and integrity - Implications for business analytics and data management.

Data Visualization - Introduction to advanced visualization techniques (e.g., interactive visualizations, geospatial visualizations) - Emerging trends in data visualization (e.g., VR/AR, storytelling with data) - Practical exercises using visualization tools.

Essential Reading

2. Albright, S. C., & Winston, W. L. (2020). Business analytics: Data analysis and decision making (5th ed.).
2. Black, K., Asafu-Adjaye, J., Burke, P., Perera, N., Sherwood, C., & Wasimi, S. (2024). Business analytics and statistics. John Wiley & Sons

EXAMINATION PATTERN

COURSE NAME: BUSINESS ANALYTICS

COURSE CODE: COM101-3

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA-II: 50 Marks

CIA-Overall:50 Marks

COURSE NAME: RESEARCH METHODOLOGY

COURSE CODE: COM101-5

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Accountancy and Taxation) (SEMESTER - V)
- Bachelor of Commerce (Applied Finance and Analytics) (SEMESTER - V)
- Bachelor of Commerce (Finance and Investment) (SEMESTER - V)
- Bachelor of Commerce (Morning) (SEMESTER - V)
- Bachelor of Commerce (SEMESTER - V)
- Bachelor of Commerce (Strategic Finance) (SEMESTER - V)
- Bachelor of Science (Accountancy and Analytics) (SEMESTER - V)

Course learning Outcomes

CO1: Apply appropriate research types and approaches in real world business and social research situations.

CO2: Construct a structured literature review and apply American Psychological Association (APA) format to cite scholarly and non-scholarly sources .

CO3: Identify and discuss the complex issues inherent in selecting a research problem, selecting an appropriate research design, and implementing a research project

CO4: Evaluate the key components of a research proposal

CO5: Appraise different sampling techniques and research instruments to determine their appropriate use in research studies.

CO6: Analyse data using appropriate statistical tools and statistical software and interpret the results.

Sustainability Development Goals (SDG)

Partnerships for the goals, Sustainable cities

21st Century Skills

Analytical thinking, Creative thinking, Curiosity and lifelong learning, Dependability and attention to detail, Empathy and active listening, Quality control, Technological literacy

Course Content

U1: Introduction to Research

Teaching Hours: (10)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U1-T1. Introduction to Research

Description

Nature of Research, Brief History of Research, Relevance: Why and How to do it?; Criteria of good research, Attributes of a good researcher; Social Research – Objectives, Assumptions and Applications, Significance and Difficulties of Social research; Business research – Purpose, Dimensions and Fields of Application; Ethics in research – APA Ethics code.

U2: Methods and Techniques of Research

Teaching Hours: (10)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U2-T1. Methods and Techniques of Research

Description

Classification of Research – Pure Research, Applied Research, Exploratory Research, Descriptive Study, Diagnostic Research, Action Research; Quantitative Research, Qualitative Research, Triangulation Research; Experimental Research, Analytical Research, Survey Research, Historical Research, Case

Study Research; Inter Disciplinary Research, Multi-Disciplinary Research and its essentials; Inductive and Deductive Methods.

U3: Literature Review, Research Problem, Research design

Teaching Hours: (10)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U3-T1. Literature Review, Research Problem, Research design

Description

Literature Review – Scholarly and Non-Scholarly Sources, Literature Review formats – Narrative, Systematic, Scoping, Bibliometric; APA 7 th Edition for References;
Research Problem – Components, Problem Definition, Evaluation of Problem;
Research Design – Classification of Research Design, Importance of Research Design, Contents of a Research Plan.

U4: Sampling and Sample Design

Teaching Hours: (8)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U4-T1. Sampling and Sample Design

Description

Key terms and terminologies, Purpose of Sampling, Sampling Techniques – Random Sampling and Non-random sampling, Errors in Sample Surveys – Sampling Errors and Non-Sampling Errors

U5: Methods and Tools of Data Collection

Teaching Hours: (10)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U5-T1. Methods and Tools of Data Collection

Description

Meaning and Importance of Data, Sources of data – Primary, Secondary, Tertiary; Data collection methods – Surveys, Interviews, Focus group Discussions, Un focus Groups, Observations, Projective Techniques; Instruments of data collection – Questionnaire, Schedule, Interview schedule, Rating Scale, Check list, Opinionnaire; Variable – Meaning and types; Scales of Measurement – Nominal, Ordinal, Interval, Ratio

U6: Processing of Data and Report Writing

Teaching Hours: (12)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U6-T1. Processing of Data and Report Writing

Description

Data Cleaning – Handling duplicate values, missing values and extreme values; Data Coding – Classification and transcription; Quantitative data analysis using SPSS (Practical aspects); Qualitative analysis using NVIVO (Practical aspects);
Report Writing – Types of report, Format of research report, Evaluation of reports.

Essential Reading

Krishnaswami, O.R (2023). Research Methodology. Mumbai: Himalaya Publishing House.

EXAMINATION PATTERN

COURSE NAME: RESEARCH METHODOLOGY

COURSE CODE: COM101-5

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

5 ASSESSMENTS OF 20 MARKS EACH Resulting in 100

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

ASSESSMENTS OF

COURSE NAME: BUSINESS ECONOMICS

COURSE CODE: COM102-2

COURSE TYPE: Theory

TOTAL HRS: 4 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (SEMESTER - II)
- Bachelor of Commerce (Work Integrated) (SEMESTER - II)

Course learning Outcomes

CO1: Develop the conceptual foundations and analytical methods used in micro economics.

CO2: Develop the ability to understand and appreciate the economic theories and their application in real economic life.

CO3: Understand the role of prices in allocating scarce resources in market economies and explain the consequences of government policies in the form of price controls.

CO4: Appraise the monetary policy and fiscal policy prevalent within a country.

Sustainability Development Goals (SDG)

Consumption and production, Decent work and economic growth, Industry, innovation and infrastructure, No poverty, Reduced inequalities

21st Century Skills

Analytical thinking, Curiosity and lifelong learning, Dependability and attention to detail

Course Content

U1: Demand and supply Analysis and Applications

Teaching Hours: (12)

Development Needs:

National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values, Sustainability

U1-T1. Demand and supply Analysis and Applications

Description

Economic models- Production Possibility Frontier and Circular Flow of Income: Two Sector Model; Demand Analysis: Law of demand, Exceptions to the law; Changes in demand, Elasticity of Demand: Definition, degrees and measurement - Supply Analysis: Laws of supply, Changes in supply, and elasticity of supply - Market equilibrium, Applications in real life: Price Ceiling, Price Floor and Externality.

U2: Theory of Consumer Choice

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

None

Cross Cutting Issues:

Human Values

U2-T1. Theory of Consumer Choice

Description

The Budget Constraint: What the Consumer Can Afford, Preferences: What the Consumer Wants, Indifference curves- Properties, Optimization: What the Consumer Chooses and definition of Price Effect, Income Effect and Substitution Effect.

U3: Theory of Production and Cost

Teaching Hours: (10)

Development Needs:

None

Skill Focused:

None

Cross Cutting Issues:

None

U3-T1. Theory of Production and Cost

Description

Production function; Law of variable proportions; Laws of returns, Economies of scale; Cost Function- Important cost concepts. Short run and long run cost analysis (traditional theory) Modern theory of cost- Revenue analysis. TR, AR and MR.

U4: Market Structure

Teaching Hours: (15)

Development Needs:

National

Skill Focused:

None

Cross Cutting Issues:

Human Values

U4-T1. Market Structure

Description

Market structure- Perfect competition, Price and output determination- Monopoly- Price output determination, Price discrimination Monopolistic Competition – Features, Price and Output determination (Short Run and Long Run). Oligopoly: Definition and types of Oligopoly.

U5: Measuring Nation's Income and Cost of Living

Teaching Hours: (9)

Development Needs:

National

Skill Focused:

Employability

Cross Cutting Issues:

Human Values

U5-T1. Measuring Nation's Income and Cost of Living

Description

Measuring GDP - Real and Nominal GDP and GDP Deflator – Inflation: Consumer Price Index, Comparison of CPI and GDP Deflator and Adjusting economic variables to inflation – Money Supply Measures.

U6: Money and the Financial System

Teaching Hours: (6)

Development Needs:

National

Skill Focused:

None

Cross Cutting Issues:

None

U6-T1. Money and the Financial System**Description**

Saving and Investment in National Income Accounts. The Market for Loanable Funds. Banks and the Money Supply. Monetary Measures. Meaning of Inflation and Costs of Inflation. Tools of Credit Control.

COURSE NAME: SERVICE LEARNING AND COMMUNITY ENGAGEMENT

COURSE CODE: COM161-4

COURSE TYPE: Practical

TOTAL HRS: 5 Hours/Week

OFFERED PROGRAMMES:

- Bachelor of Commerce (Morning) (SEMESTER - IV)
- Bachelor of Commerce (SEMESTER - IV)

Course learning Outcomes

CO1: To demonstrate their ability to apply commerce knowledge to real-world situations, communicate effectively with diverse groups of people, work collaboratively in teams.

CO2: To reflect on their experiences before, during, and after the service learning project, and assess the individuals' skills developed.

CO3: To exhibit teamwork in the planning and execution of meaningful service learning projects and report presentation.

CO4: To showcase appreciation for the discipline knowledge through service learning initiatives in the field of commerce.

Sustainability Development Goals (SDG)

Affordable and clean energy, Decent work and economic growth, Good health and well-being, Partnerships for the goals, Quality education, Reduced inequalities

21st Century Skills

Analytical thinking, Curiosity and lifelong learning, Empathy and active listening, Leadership and social influence, Motivation and self-awareness

Course Content

U1: Introduction to Service learning and Community Engagement

Teaching Hours: (10)

Development Needs:

Local

Skill Focused:

Skill Development

Cross Cutting Issues:

Human Values

U1-T1. Service-Learning: The Concept, Objectives, and Scope; Need for Community and Academia. Exploring the Intersection of Business and Community Impact, Overview of Service-Learning Types of Service-Learning, Stages in Service Learning Needs Assessment: Identifying community partners, Conducting needs assessment, Community mapping, Reflecting on Personal Expectations and Preconceptions, Finalising the community for the service learning project.

Description

U2: Planning and Designing Service Learning Projects

Teaching Hours: (10)

Development Needs:

Local

Skill Focused:

Skill Development

Cross Cutting Issues:

Human Values

U2-T1. Investigating Community Problems and Aligning Course Objectives and Outcomes, Identifying Relevant Literature for the problem, PRA tools, Reflection: Kolb's Model of Experiential Learning, Types of reflection, Reflective Journals and Diary, Planning and Designing the Service Learning Project (Block 8 Model), Plan for Effective Implementation, Reflect on Challenges, Reciprocal Learning Moments, and Adaptations.

Description

U3: Theoretical Models and Impact Analysis

Teaching Hours: (10)

Development Needs:

Local

Skill Focused:

Skill Development

Cross Cutting Issues:

Human Values

U3-T1. Exploring Theoretical Models for Solving Community Problems and Understanding Their Applicability, Reflections on the Selected Model for the service learning project, Presentation of the possible Impact and Effectiveness of the Service Learning Project, Executing the service learning Project, preparing and delivering the Project Deliverables: Review the project and conduct an impact analysis

Description

U4: Project Outcomes and Reflection

Teaching Hours: (15)

Development Needs:

Local

Skill Focused:

Skill Development

Cross Cutting Issues:

Human Values

U4-T1. Execution of service learning project, Showcasing Project Outcomes, Celebrating Achievements, and Reflecting on the Overall Service-Learning Experience, Showcasing Project Outcomes, Celebrating Achievements, Reflecting on the Overall Service-Learning Experience, Final review and assessment.

CO3: Critically analyse business operations and organizational practices

Sustainability Development Goals (SDG)

Decent work and economic growth, Industry, innovation and infrastructure

21st Century Skills

Curiosity and lifelong learning

Course Content

U1: Introduction to the Organization

Teaching Hours: (60)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Human Values, Professional Ethics

U1-T1. 1.1 Profile of the organization (including evolution and awards and recognition) 1.2 Vision, Mission, Goals

Description

U2: Organizational Design and Functional Areas

Teaching Hours: (60)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U2-T1. 2.1 Organization design & structure 2.2 Departments and Divisions 2.3 Product/s and Service/s 2.4 Business Model

Description

- Hierarchical/flat/matrix structure (include organogram if possible)
 - Overview of key functional departments
 - Major offerings, features, target market
- Revenue generation, customer acquisition, delivery mechanism

U3: Key Performance Areas (KPA)s, Organizational Control and Strategies

Teaching Hours: (60)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U3-T1. 3.1 KPA's of the various departments 3.2 Accounting Standards & Reporting followed 3.3 HR Practices 3.4 Financial Highlights 3.5 Modes of Marketing 3.6 Integration of AI 3.7 Tax Filing & Auditing 3.8 SWOC Analysis of the Organization (Based on the intern's observation and analysis supported by facts) 3.9 Key Success Factors and Strategies of the Organization (Based on the intern's observation and analysis supported by facts) 3.10 Suggestions for the future growth of the organization

Description

- KPAs across various departments (Sales, HR, Finance, etc.)
 - IND AS, internal reporting systems, compliance frameworks
 - Recruitment, appraisal, training, and retention strategies
 - Key financials (Turnover, Profit, Investments – if available)
 - Digital, traditional, B2B/B2C approaches, branding
 - Use of AI, automation tools, ERP systems, CRM tools
 - Tax practices, statutory audit process, internal audits
 - Strengths, Weaknesses, Opportunities, Challenges
 - Factors driving organizational growth and sustainability
- Intern's strategic or operational recommendations

U4: Course Learning Outcomes

Teaching Hours: (60)

Development Needs:

Global

Skill Focused:

Employability

Cross Cutting Issues:

Professional Ethics

U4-T1. 4.1.1 Relevance of Academic Theories (Accounting, Finance, HR, etc.) 4.1.2 Gaps or Irrelevance Identified 4.2.1 New Skills Acquired during Internship 4.2.2 Existing Skills Nurtured or Strengthened 4.2.3 Skills/Competencies Identified for Further Development 4.2.4 Input from Key Personnels 4.3.1 Good Business Practices Observed 4.3.2 Practices Worth Replicating at CHRIST University

Emerging trends of contemporary entrepreneurship – Determinants of entrepreneurship, creative responses to social challenges; Dimensions of entrepreneurship: intrapreneurship, technopreneurship, entrepreneurship, ecopreneurship, social entrepreneurship.

U2: The Entrepreneurial Skills and Practices

Teaching Hours: (12)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Gender, Human Values, Professional Ethics, Sustainability

U2-T1. The Entrepreneurial Skills and Practices

Description

Entrepreneurial myth, motivation for entrepreneurship, Entrepreneurial skills and competencies, entrepreneurial values and attitude; Entrepreneurial risk propensity and ability to cope; Implementing and managing the venture, Harvesting the venture, Design Thinking, Systems Thinking, Agile thinking and Lean thinking Blue Ocean Strategy, Role and relevance of mentors, Incubation cell, Methods of Brainstorming ideas. Types of ventures, Risk and Benefits, Legal and Regulatory Framework, Ethics and Social Responsibility, Market Research (venture opportunity screening), Feasibility Analysis.

U3: Creativity and Innovation

Teaching Hours: (14)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Gender, Human Values, Professional Ethics, Sustainability

U3-T1. Creativity and Innovation

Description

Creativity, Principles of creativity, Creative Problem Solving: Heuristics, Brainstorming, Synectic, Value Analysis Innovation and Entrepreneurship: Profits and Innovation, Principles of Innovation, Disruptive, Incremental and Open innovations, Nurturing and Managing Innovation, Globalization, Concept and Models of Innovation, Methods of protecting Innovation and creativity, Significance of Intellectual Property Rights, Patents & Copyright, Business Model Canvas, and Lean Canvas. Geographical Indications (GI), Types, GI Law in India.

U4: Entrepreneurial Process

Teaching Hours: (12)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Gender, Human Values, Professional Ethics, Sustainability

U4-T1. Entrepreneurial Process

Description

Introduction to the Business Plan, Opportunity sensing and identification process (cases to be discussed on how business ideas are perceived); Generation of business ideas, feasibility analysis of business ideas, preparation of a business plan (practical work on devising of a plan is to be assigned to the students) in

the form of a project report on specific business proposal; Project appraisal and its techniques Developing the Business Model for starting a new venture, E-Commerce and Growing the Venture: The Internet and its impact on venture development, Approaches to E-Commerce, Strategies for E-Commerce Success, The nature of international entrepreneurship and their importance

U5: Entrepreneurial Sustainability

Teaching Hours: (10)

Development Needs:

Global, Local, National, Regional

Skill Focused:

Entrepreneurship, Skill Development

Cross Cutting Issues:

Environment, Gender, Human Values, Professional Ethics, Sustainability

U5-T1. Entrepreneurial Sustainability

Description

Entrepreneurial mindset in the contemporary business scenario, family business and entrepreneurship vis-à-vis first generation entrepreneurs (Nascent Entrepreneurship). Social support system for entrepreneurship, public and private system of stimulation; Availability of finance, marketing, technological and managerial support systems; Role of industries association; Entrepreneurs' self-help group, trade and industry associations; Existence of business incubators; Availability of venture capital and angel investors support system; Private equity funds; Startup Action Plan; Make in India initiative.

Sustainability Development Goals (SDG)

Affordable and clean energy, Climate action, Consumption and production, Life below water, Life on land, Sustainable cities

21st Century Skills

Analytical thinking, Creative thinking, Empathy and active listening, Leadership and social influence, Motivation and self-awareness

Course Content

U1: Short Story

Teaching Hours: (8)

Development Needs:

Local, National, Regional

Skill Focused:

Employability

Cross Cutting Issues:

Environment, Sustainability

U1-T1. The Flowering Tree by A K Ramanujam

Description

"The Flowering Tree", written in the folklore tradition, is often seen as a metaphor for female resilience, ecological balance, and cultural memory. Ramanujan's retelling bridges ancient oral traditions and modern literary sensibilities, making it a timeless narrative open to multiple readings.

U1-T2. Balai by Rabindranath Tagore

Description

Rabindranath Tagore's short story Bolai (from the collection Lipika) is a poignant exploration of innocence, nature, and the clash between childhood wonder and adult pragmatism.

U2: Speeches and Letters

Teaching Hours: (7)

Development Needs:

Global, National

Skill Focused:

Employability

Cross Cutting Issues:

Environment, Sustainability

U2-T1. SHAZADPUR (Glimpses of Bengal by Rabindranath Tagore)

Description

Between 1885 and 1895, Rabindranath Tagore spent extended periods in rural Bengal, overseeing his family's estates in places like Shelaidaha, Patisar, and Shazadpur (now in Bangladesh). During this time, he wrote a series of personal letters, mostly addressed to family members and close friends. These letters, later selected and translated by Tagore himself in Glimpses of Bengal, offer vivid portraits of village life, natural beauty, and human relationships in colonial Bengal.

U2-T2. Message to the Modern World by an Indian Chief (Script)

Description

In 1854, Chief Seattle delivered a letter (often misrepresented as a speech) to the then-President of the United States, Franklin Pierce, following a request by the U.S. government to purchase his tribe's land for the purpose of expanding the American frontier. The context of the letter is tied to the encroachment of settlers on Native American lands and the forced relocation of tribes as part of broader U.S. government policies such as the Indian Removal Act.

U3: Essay

Teaching Hours: (7)

Development Needs:

Global, Local

Skill Focused:

Employability

Cross Cutting Issues:

Environment, Sustainability

U3-T1. Trees of Bangalore by Madhav Gadgil

Description

This unit introduces essays on environment to the learners along with developing skills of essay writing.

U3-T2. Thinking Like a Mountain - Aldo Leopold

Description

This unit introduces essays on environment to the learners along with developing skills of essay writing.

U4: Case Study

Teaching Hours: (8)

Development Needs:

Global, National

Skill Focused:

Employability

Cross Cutting Issues:

Environment, Sustainability

U4-T1. Green building ratings crucial to address climate change

Description

As the global community intensifies efforts to address climate change, the building and construction sector—responsible for a significant share of carbon emissions—presents both a challenge and an opportunity. This article explores the critical role of sustainability in shaping the built environment.

U4-T2. International Rivers statement on Teesta dam disaster in Sikkim

Description

This powerful and urgent article highlights the devastating collapse of the Chungthang dam (Teesta III) in Sikkim on October 4, 2023, following a glacial lake outburst flood (GLOF).

EXAMINATION PATTERN

COURSE NAME: ENGLISH FOR PROFESSIONAL COMMUNICATION

COURSE CODE: ENG283-1

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

CIA 1- Structured Analytical Writing through PEEL (20 Marks)

Course Component: Analytical Writing / Critical Thinking

Mode: Individual (In-class / Internal Assessment)

Students will write three structured analytical paragraphs using the PEEL framework in response to a prescribed literary or visual text studied in class.

Each paragraph must: Present a clear argumentative Point. Provide relevant textual or contextual Evidence. Offer a critical Explanation using a theoretical lens. Conclude with a strong Link to the central argument

CIA 3- Narrative Writing/Report writing7. Narrative Writing - 20 Marks

Component Title: Critical Narrative Construction

Instructions: Write a 800–1000 word narrative that integrates reflection, perspective, and socio-cultural awareness. The narrative must move beyond storytelling and demonstrate thematic depth.

2. Field Study Analytical Report

Marks: 20

Word Limit: 800 -1000 words

Mode: Individual Field-Based Study

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

Section A : Short Notes (3x10=30)

Section B: Long Answer (2x10=20)

Section C: Composition (2x10=20)

Sustainability Development Goals (SDG)

Gender equality, Reduced inequalities

21st Century Skills

Creative thinking, Curiosity and lifelong learning, Empathy and active listening

Course Content

U1: Short Story

Teaching Hours: (8)

Development Needs:

Global, National

Skill Focused:

Employability

Cross Cutting Issues:

Gender

U1-T1. The Story of an Hour by Kate Chopin

Description

A classic American short story, Kate Chopin's "The Story of an Hour" is praised for both its potent feminist themes and its economical use of language.

U1-T2. Mrs Sen Jhumpa Lahiri

Description

One of the most notable stories in Jhumpa Lahiri's *Interpreter of Maladies* (1999) is Mrs. Sen's, which provides a subtly potent reflection on cultural isolation, gender, identity, and displacement.

U2: Speeches and Letters

Teaching Hours: (7)

Development Needs:

Skill Focused:

Employability

Cross Cutting Issues:

Gender

U2-T1. Visual Text: Speech by Wangari Maathai (Noble Acceptance Speech)

Description

Wangari Maathai delivered her Nobel Peace Prize lecture in December 2004, after being honored for her contributions to sustainable development, democracy, and peace. In her speech, she emphasized the interconnection between environmental conservation, human rights, and peace.

U2-T2. True Liberation of Women by Indira Gandhi

Description

Indira Gandhi's speech, "True Liberation of Women", was delivered on March 26, 1980, at the inauguration of the All-India Women's Conference Building Complex in New Delhi. In this address, she reflected on the role of women's organizations in India and highlighted the need for a liberation that acknowledges women's individuality rather than merely imitating men.

U3: Essay

Teaching Hours: (7)

Development Needs:

National, Regional

Skill Focused:

Employability

Cross Cutting Issues:

Gender

U3-T1. Intersectional Discrimination: Understanding the Indian Perspective

Description

This essay looks at gender discrimination in the Indian context with examples.

U3-T2. Excerpt from “The Truth About Me: A Hijra Life Story” - A. Revathi

Description

The novel shares experiences of an Indian hijra in a stigmatized society.

U4: Case Study

Teaching Hours: (8)

Development Needs:

Global, National

Skill Focused:

Employability

Cross Cutting Issues:

Gender

U4-T1. Changing Face of Women's Representation in Hindi Cinema

Description

In a country where cinema is both cultural currency and a reflection of societal values, the portrayal of women in Bollywood deserves critical scrutiny. This article unpacks the complex history of women’s representation in Hindi cinema—from the silencing of their presence in early 20th-century films to their objectification through item numbers and the male gaze, as theorized by Laura Mulvey.

U4-T2. Why Diversity Programs

Description

This article critically examines the efficacy of long-standing corporate diversity programs, revealing that many popular strategies—such as mandatory diversity training, hiring tests, and grievance systems—not only fail to improve diversity but often worsen it.

U4-T1. - Parler de la famille - Décrire et caractériser un/des personnes - Parler de nos goûts - Parler de nous - Parler de nos activités - Expliquer un problèmes de santé

Description

-Les adjectifs possessifs (2) -Les adjectifs qualificatifs (M/F/Sin/Pl) -Aimer+ Adorer+ Détester
+Nom/Verbe -Les verbes « er » -Le verbe faire+ du/de la / de l'/ des -Les pronoms toniques -Avoir mal à
+ les parties du corps | Tache finale : Introduce oneself to the class in French.(global ,communicative and speaking skills) |

EXAMINATION PATTERN

COURSE NAME: FRENCH

COURSE CODE: FRE181-3

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

Assessment Description:

This course includes three CIAs and an End Semester Evaluation. CIA 1 & 3 for 20 marks (later reduced to 10 marks) each will be administered by the respective faculty in the class. CIA 2 is mid semester examination for 50 marks which is a descriptive test conducted at the central level through the office of examination. MSE is carried out as a two-hour paper, conducted out of 50 marks and later reduced to 25 marks. ESE also is a centralized examination. ESE is conducted as a two - hour paper which carries 50 percent weightage. Examination is conducted out of 50 marks. Attendance carries 5 marks.

CIA-1

CIA1:20 marks-Written test on grammar & vocabulary.

Assignment type- Individual, Formative

Outcome: Learners will be able to apply their grammar and vocabulary knowledge. (Mapped to CO2 and CO3)

Evaluation Criteria:

Grammar – Verbs/ Articles & Gender – full mark per correct answer.

Vocabulary – Daily life- focus on thematic vocabulary - full mark per correct answer

Identifying correct sentence structures or completing basic phrases- full mark per correct answer.

Note:

All questions are multiple-choice (1 correct option out of 3 or 4).

No negative marking.

Difficulty level tailored to A1.1 CEFR : simple, concrete language and structures.

Mark distribution can be adjusted slightly depending on emphasis in the course (e.g., more on verbs if that was a major learning point).

CIA - 2(Mid SemExam):50 marks –Writtenexam.

This is a formative assignment conducted as a centralized Mid-Semester Examination (MSE) as per the university calendar. Learners are required to attempt SEC -A containing grammar, Section B- Containing comprehension, civilization and translation and Section C containing Writing comprehension. The examination is for 50 marks and has a duration of 2 hours. Please note that only learners with a minimum of 75% attendance are allowed to write the exam.CO1, CO2 and CO 3 would be covered for MSE.

MSE is scheduled during August ,2026.

CIA - 3

CIA3:20 marks– Creative Assignment on Oral Competence.

Assignment type- Group of 3/4, Formative

Outcome: Learners will be able to apply their spoken French knowledge and listening competence. (Mapped to CO1, CO3 and CO4)

Evaluation Criteria:

1. Pronunciation & Intonation – (4)
2. Vocabulary Use – (4)
3. Grammatical Accuracy – (4)
4. Fluency & Coherence – (4)
5. Comprehension & Interaction – (4)

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

SECTION A- 20 MARKS

SECTION B- 15 MARKS

SECTION C - 15 MARKS.

- Bachelor of Science (Physics, Chemistry) with minor in Mathematics (SEMESTER - IV)

- Bachelor of Science (Physics, Mathematics) with minor in Astrophysics (SEMESTER - IV)
- Bachelor of Science (Physics, Mathematics) with minor in Material Science (SEMESTER - IV)
- Bachelor of Science (Psychology) (SEMESTER - IV)

Course learning Outcomes

CO1: To develop basic and communication skills sharpen oral and written skills: By the end of the course, students will be able to engage in basic conversations in French, demonstrating comprehension and correct pronunciation, and write short paragraphs with minimal grammatical errors.

CO2: To enhance knowledge on French culture: By the end of the course, students will be able to identify and describe at least five key aspects of French culture, such as traditions, customs, and social norms, in both oral and written formats.

CO3: To enrich the learner's vocabulary: By the end of the course, students will be able to accurately use at least 200 new French vocabulary words in context, both in speaking and writing.

CO4: To enable learners to engage in and discuss simple topics with ease: By the end of the course, students will be able to participate in simple discussions on everyday topics (e.g., family, hobbies, travel) with fluency and confidence, using appropriate sentence structures.

Sustainability Development Goals (SDG)

Climate action, Good health and well-being, Quality education, Sustainable cities

21st Century Skills

Analytical thinking, Creative thinking, Curiosity and lifelong learning, Technological literacy

Course Content

Course learning Outcomes

CO1: Identify and use Hindi alphabets, words, and basic sentence structures for simple communication.

CO2: Apply basic grammatical concepts such as parts of speech, gender, number, and tense in spoken and written Hindi.

CO3: Develop functional vocabulary related to everyday life and use it appropriately in simple contexts.

CO4: Demonstrate basic conversational ability in Hindi through guided dialogue and short interactions.

Sustainability Development Goals (SDG)

Quality education, Reduced inequalities

21st Century Skills

Curiosity and lifelong learning, Dependability and attention to detail

Course Content

U1: Fundamentals of Hindi Language

Teaching Hours: (21)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Alphabets-Vowels and Consonants Parts of Speech-Noun, pronoun, verb, adverb, adjective, prepositions, conjunction and interjection Numbers Gender and Tense

Description

This unit introduces students to the basic structure of the Hindi language with emphasis on foundational linguistic competence. Students will learn the Hindi alphabet, including vowels and consonants, to develop correct pronunciation and script familiarity. The unit covers essential parts of speech such as

nouns, pronouns, verbs, adverbs, adjectives, prepositions, conjunctions, and interjections, enabling students to understand sentence construction and grammatical usage. Instruction in numbers, gender, and tense forms helps students grasp basic grammatical agreement and sentence patterns in Hindi. Through systematic practice, this unit aims to build a strong grammatical foundation that supports basic reading, writing, and introductory conversational skills in Hindi.

U2: Vocabulary Development

Teaching Hours: (3)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Names of things, animals, birds, vegetables, flowers, days, months etc.

Description

This unit focuses on building basic Hindi vocabulary required for everyday communication. Students will learn commonly used words related to names of objects, animals, birds, vegetables, flowers, days, months, and other familiar categories. Emphasis will be placed on correct pronunciation, spelling, and contextual usage of vocabulary items. Through structured exercises and classroom activities, students will gradually develop the ability to recognize, recall, and use essential Hindi words in simple sentences, thereby strengthening their lexical competence and confidence in basic language use.

U3: Conversation Practice

Teaching Hours: (6)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Conversation practice

Description

This unit aims to develop basic conversational skills in Hindi through guided and interactive practice. Students will engage in simple dialogues and short interactions based on everyday situations such as greetings, introductions, daily activities, and common social contexts. The focus will be on listening and speaking skills, sentence formation, and appropriate use of vocabulary and basic grammar. Through repeated practice and teacher-guided interaction, students will gain confidence in using Hindi for simple oral communication and real-life situations.

Course learning Outcomes

CO1: Explain the role of oral tradition in the evolution of Hindi and demonstrate functional use of Hindi in public and professional domains using the Devanagari script.

CO2: Describe the basic framework of India's language policy and analyze the significance of Hindi as a link language in a linguistically diverse society.

CO3: Understand and apply the concept, process, and types of translation while evaluating the quality, issues, and challenges involved in translation practices.

CO4: Communicate effectively in Hindi in oral and written forms for academic, social, and workplace contexts.

Sustainability Development Goals (SDG)

Quality education, Reduced inequalities

21st Century Skills

Curiosity and lifelong learning, Dependability and attention to detail

Course Content

U1: Hindi language

Teaching Hours: (13)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U1-T1. Oral Traditions of Hindi

Description

Learn how Hindi was shared through stories, songs, and spoken words before writing. Students will explore simple examples of folk tales and poems.

U1-T2. Language Policy and Hindi (Basic Overview)

Description

Simple explanation of how Hindi is recognized and used in India, including its role in government, education, and communication

U1-T3. Devanagari Script

Description

Introduction to the Hindi script, learning letters (vowels and consonants) and simple words. Focus on reading and writing basics.

U1-T4. Hindi in Academic Writing

Description

Learn to write simple Hindi for school or academic use, including notices, short stories, paragraphs, and summaries. Focus on clear and correct writing

U1-T5. Link Language, Dialects of Hindi

Description

Learn how Hindi acts as a bridge language to connect people from different regions of India. Focus on easy phrases for conversation

U2: Translation

Teaching Hours: (10)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U2-T1. Translation Translation - Concept and processes Types of translation Qualities required for a Translator Issues and challenges in Translation, translation practice.

Description

This unit introduces students to the theory and practice of translation with a focus on developing foundational translation skills. Students will study the concept of translation, its objectives, and the various stages involved in the translation process. Different types of translation will be discussed, along with the essential qualities and competencies required of a translator. The unit also examines common issues and challenges faced in translation, such as linguistic, cultural, and contextual difficulties. Practical translation exercises will help students apply theoretical knowledge and improve accuracy, clarity, and equivalence between source and target languages.

U3: Communicative Hindi

Teaching Hours: (7)

Development Needs:

National

Skill Focused:

Employability, Skill Development

Cross Cutting Issues:

Professional Ethics

U3-T1. Communicative Hindi

Description

This unit aims to enhance students' practical communication skills in Hindi for real-life and professional contexts. Emphasis is placed on public speaking in Hindi, day-to-day communication, and effective voice modulation. Students will be trained in spoken Hindi through interactive activities, including role plays and voice-over practice. The unit also includes micro-presentation exercises to develop confidence, fluency, and clarity of expression. Overall, the unit focuses on improving oral communication skills and functional language use in Hindi.

U1-T1. Samakaleen Kavita Sanchay? (Collection of Poems)

edited by: Dr. Sebastian K A & Dr. Deepak Kumar Gond 20 Hrs. Level of knowledge:
Anal

Description

In this course utilizes the textbook Samkaaleen Kavita Sanchay to foster critical thinking and poetic analysis through a diverse range of contemporary themes. The curriculum spans historical tragedies like 'Hiroshima', environmental concerns in 'Ek Vriksh Ki Hatya', and intense political commentary in works such as 'Tisara Rasta' and 'Hanso Hanso Jaldi Hanso'. Students will explore social identity and language in 'Meri Bhasha Ke Log', confront systemic corruption in 'Varnamaala', and analyze gender dynamics and marginalized perspectives in poems like 'Striyaan', and 'Mein Geeth Gaana Chaahta Hun'. Through these readings, the course aims to enhance vocabulary and enable students to analyze poems within their specific social and political contexts while developing technical skills through digital assignments

Hour 20 Hrs.

U2-T1. Yakshagana, Kathakali, Ramleela, Krishnaleela

Description

This unit introduces students to select traditional Indian cultural and performing art forms, namely Yakshagana, Kathakali, Ramleela, and Krishnaleela, with a focus on their historical origins, thematic concerns, performance techniques, and cultural significance. The unit examines how these art forms function as powerful mediums of storytelling rooted in Indian mythology, epics, and devotional traditions. Students will study the narrative structures, character types, costume design, makeup, music, dance movements, and symbolic gestures associated with each form. Emphasis will be given to understanding how Yakshagana and Kathakali represent regional theatrical traditions of South India, while Ramleela and Krishnaleela reflect the devotional and performative retellings of the Ramayana and the life of Lord Krishna. Through this unit, students will gain insight into the role of cultural art forms in preserving collective memory, moral values, and social traditions, and will critically appreciate their relevance in contemporary cultural and literary studies

U3: Translation Practice- English to Hindi

Teaching Hours: (5)

Development Needs:

Global, National

None

U3-T1. Translation Practice- English to Hindi

Description

This unit focuses on developing students' practical translation skills through the translation of medium-level English prose passages into Hindi, with special emphasis on themes related to education, culture, and environmental awareness. Students will be trained to translate paragraphs that discuss the role of education in social development, the significance of cultural values and traditions, and contemporary environmental concerns such as conservation, sustainability, and ecological responsibility. The unit emphasizes accuracy, clarity, and contextual appropriateness in translation, encouraging students to maintain the original meaning, tone, and style of the source text while adapting it effectively into the target language. Attention will be given to vocabulary selection, sentence structure, idiomatic expressions, and grammatical equivalence between English and Hindi. Through guided practice, this unit aims to enhance students' linguistic competence, cultural sensitivity, and analytical understanding of translation as a meaningful academic and communicative practice.

Hour: 5

Level of knowledge: Basic

4. AnuvadVignan By:Bholanath Tiwari
5. Anuvad Kala By: N.E VishwanathIyer

EXAMINATION PATTERN

COURSE NAME: HINDI ADVANCED

COURSE CODE: HIN281-3

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

The evaluation and assessment will be based on Continuous Internal Assessments and an End Semester Examination.

CIA 1 – Will be Hindi Wikipedia –Project (1) and Seminar (20)

CIA 2 – Mid-semester Examination (50 marks)

CIA 3 –Will be Hindi Wikipedia- Project and Seminar (2) (20 marks)

CIAs and attendance will have 50% weight

The end semester examination will have 50% weight.

The final grade will be weighted average of ESE and CIAs.

Late submission of assignments will be accepted only with prior notice and only under truly exceptional circumstances.

QUESTION PAPER PATTERN FOR END SEMESTER EXAMINATION (ESE)

The End-Semester Examination for III Semester BA / B.Sc / B.Com (Paper I – Hindi) is conducted for a duration of 2 hours with a total of 50 marks. The question paper is divided into three sections: A, B, and C. Section A (Poetry) consists of essay-type questions. Students are given three choices, out of which one question has to be answered, carrying 10 marks. Section B (Cultural Art Forms of India) includes descriptive and objective-type questions. Students are required to answer one question, which carries 10 marks. Section C (Translation) contains one passage for translation from English to Hindi. This section has one compulsory question for 10 marks.

STORIES 1 Malbe ka maalik 2 Dilli mein ek mouth 3 Mein haar gayi 4 Pita 5 Salam 6 Mousa ji 7 Tangnazar 8 Ek roomal ek anguthi ek chalni

Description

This unit introduces advanced learners of Hindi to select modern Hindi short stories that reflect complex social, political, and cultural realities of contemporary India. The prescribed texts include ‘Malbe ka

Malik’ by Mohan Rakesh, which explores the trauma of Partition (Vibhajan ki Samasya), and ‘Delhi Mein Ek Maut’ by Kamleshwar, focusing on urban alienation and metropolitan tragedy (Mahanagariya Visangati). ‘Main Haar Gayi’ by Mannu Bhandari examines political consciousness and individual conflict, while ‘Salam’ by Omprakash Valmiki foregrounds Dalit experience and caste-based oppression. Pita by ‘Gyanranjan’ presents the struggle of marginalized communities (Pithiyon ka Sangharsh), and ‘Mausaji’ by Uday Prakash highlights the tension between imagination and reality (Kalpana aur Yatharth ka Dwandv). ‘Ek Rumal, Ek Anguthi, Ek Chalni’ by Amrita Pritam explores themes of incomplete love and women’s issues (Adhoori Mohabbat aur Stri Samasyayen), while ‘Tang Nazar’ by Mahendra Bhishm introduces transgender discourse (Transgender Vimarsh). Through critical reading and analysis of these narratives, the unit aims to enhance students’ interpretative skills, deepen socio-literary awareness, and develop an advanced understanding of modern Hindi prose and its engagement with contemporary issues.

U2-T1. 12 th fail, Lunch box, English- Vinglish, Dangal Queen

Description

This unit introduces students to the study of select contemporary Indian films as cultural texts, focusing on their narrative structures, themes, character development, and socio-cultural significance. The prescribed films-The Lunch Box, 12th Fail, Dangal, Queen, and English Vinglish-will be studied for their representation of everyday life, education and perseverance, gender roles, self-identity, empowerment, and social transformation. Through guided classroom discussions, students will analyze cinematic techniques such as storytelling, visual symbolism, dialogue, and characterization. The unit adopts an interactive teaching pedagogy that includes film screening, selected clip presentations, group discussions, and critical interpretation to enhance analytical and communicative skills. Students will be encouraged to relate film narratives to contemporary social realities and literary concepts. For assessment, students will be provided with options in the examination, allowing them to answer questions based on any of the prescribed films, thereby promoting critical thinking, choice-based learning, and independent interpretation.

U3-T1. Social Media Writing

Description

This unit aims to develop students' creative expression and imaginative writing skills through guided practice in various literary forms. Students will be given simple and socially relevant topics, based on contemporary social issues, and will be encouraged to respond creatively by writing a poem, short story, or creative essay, according to their choice and aptitude. Emphasis will be placed on originality of thought, clarity of expression, thematic coherence, and effective use of language. The unit seeks to foster critical awareness of social realities while enabling students to articulate personal perspectives through creative modes of writing. Through this process, students will enhance their linguistic competence, creative confidence, and ability to engage meaningfully with social issues using literary expression.

Skill Development

Cross Cutting Issues:

Sustainability

U1-T1. 1.Sanskrit Varnamale 2. Guneetakshara 3. Origin of Letter 4. Verbs 5. Latlakara Shabda (Male and Female)

Description

This course introduces fundamental concepts in Sanskrit language learning. Sanskrit Varnamala covers the basic alphabet, including vowels (svaras) and consonants (vyanjanas), forming the foundation of pronunciation and writing. The unit on Guneetakshara explores compound letters formed by combining consonants and vowels, helping learners understand proper articulation. Origin of Letters delves into the phonetic and physiological aspects of Sanskrit sounds, highlighting how each letter is produced through specific speech organs. The Verbs unit introduces the concept of root words (dhatus), their conjugations, and usage in sentence formation, focusing on tense and subject agreement. Finally, Latlakara Shabda emphasizes the present tense forms of verbs, along with masculine and feminine noun declensions, enabling learners to form basic sentences accurately. Together, these units lay a strong grammatical foundation, essential for reading, writing, and understanding Sanskrit texts with clarity and confidence.

U2: 2 Morphology

Teaching Hours: (7)

Development Needs:

National

Skill Focused:

Skill Development

Cross Cutting Issues:

Sustainability

U2-T1. 6. Aatmanepade (Indirect Speech) 7. Akaaranta Shabda (Male) 8. Numbers 9. Question words 10. Relations

Description

The unit on Ātmanepada introduces verbs in the middle voice, commonly referred to as indirect or reflexive forms, where the action reflects upon the doer. It is essential for understanding verb conjugation beyond the active voice. Akārānta Shabda (Masculine) focuses on masculine nouns ending with ‘a’, teaching learners their declension across different cases and numbers, which is vital for proper sentence construction. The Numbers unit presents Sanskrit numerals and their usage in counting, sentence formation, and agreements with nouns. Understanding Question Words (kaḥ, kā, kim, etc.) equips learners to ask and answer basic questions, forming an interactive language foundation. Lastly, the Relations topic introduces vocabulary related to family and kinship, helping students speak and write about their surroundings and relationships. These topics enhance vocabulary, grammar, and conversational ability, fostering deeper comprehension and practical usage of the Sanskrit language.

U3: Syntax

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

Skill Development

Cross Cutting Issues:

Sustainability

U3-T1. Syntax 11. Pronouns 12. Active, Passive Voice Conversion 13. Akaaranta Shabda (Female) 14. Prayoge Parivartana 15 Gendered Words

Description

This section focuses on essential grammatical structures to strengthen sentence formation in Sanskrit. Syntax teaches the rules and order of words in a sentence, enabling clarity and correctness in expression. The unit on Pronouns covers words used in place of nouns, such as aham (I), tvam (you), enhancing fluency and reducing repetition. Active and Passive Voice Conversion enables learners to transform sentences from kartari prayoga (active) to karmani prayoga (passive) and vice versa, an important skill in understanding text variations. Akārānta Shabda (Female) introduces feminine nouns ending in ‘ā’, focusing on their case-wise declension and grammatical usage. The topic Prayoge Parivartana refers to changing sentence patterns based on context or purpose, such as from imperative to interrogative or affirmative to negative. Gendered Words explains masculine, feminine, and neuter nouns, helping learners identify and apply correct agreements in sentence structure. These topics collectively enrich both written and spoken Sanskrit proficiency.

U4: Conversation

Teaching Hours: (8)

Development Needs:

National

Skill Focused:

Skill Development

Cross Cutting Issues:

Sustainability

U4-T1. 16. Karakas (7) 17. Body Parts 18. Basic words for conversation (Good Morning, introduction etc). 19. Colours 20. Translation

Description

This final set of topics builds practical language skills and deepens grammatical understanding. Kāraḥas (7) introduces the seven syntactic roles or cases in Sanskrit—like kartā (doer), karma (object), karaṇa (instrument), etc.—which are crucial for accurate sentence construction and meaning. The Body Parts unit teaches commonly used anatomical terms, enhancing vocabulary for everyday description and communication. Basic Words for Conversation , such as greetings (suprabhātam – good morning), self-introduction, and polite expressions, help learners use Sanskrit in simple interactions. The Colours unit adds descriptive vocabulary, allowing students to talk about appearance, nature, and objects more vividly. Lastly, Translation strengthens comprehension and writing skills by enabling learners to convert sentences between Sanskrit and their native language, reinforcing grammar and vocabulary in context. Together, these topics prepare students to use Sanskrit both accurately and confidently in practical, real-life situations and further reading.

Skill Development

Cross Cutting Issues:

Sustainability

U1-T1. 1. Time 2. Numbers from 51-100 3. Names of Animals in Sanskrit 4. Names of Birds in Sanskrit 5. Names of Fruits in Sanskrit

Description

Unit 1: Vocabulary for Nature and Numbers introduces learners to foundational Sanskrit vocabulary related to everyday natural elements and numerical expressions. The unit begins with the concept of Time, teaching basic terms for hours, parts of the day, and how to express time in Sanskrit. It extends into Numbers from 51 to 100 , building upon previously learned numerals to enable counting, calculation, and date representation. Learners will also explore the Names of Animals , Birds, and Fruits in Sanskrit, enriching their vocabulary with words commonly found in nature and daily conversations. This unit emphasizes pronunciation, spelling, and usage through engaging examples and repetition. By the end of the unit, students will be able to name various animals, fruits, and birds in Sanskrit and describe time-related activities, enhancing their confidence in both spoken and written communication.

Cross Cutting Issues:

Sustainability

U2-T1. 6. Names of flowers in Sanskrit 7. Names of clothes in sankrit 8. Names of vehicles in Sanskrit 9. Things at school. Library, classroom 10. Every day using mateirals

Description

Unit 2: Everyday Objects and Environment focuses on expanding learners' Sanskrit vocabulary related to common surroundings and daily life. The unit introduces names of Flowers, helping students appreciate nature's beauty through language. It then moves on to Clothes and Vehicles, providing terms useful for describing attire and modes of transportation. Learners also explore vocabulary related to Things at School, including items found in the library and classroom, enabling them to converse about their academic environment. Finally, the unit covers Everyday Household Materials, familiarizing students with objects they encounter daily at home. This practical vocabulary set helps students communicate effectively in real-life situations, strengthening their connection to the language. Emphasis is placed on correct pronunciation, gender usage, and contextual application. Activities and exercises ensure that learners not only memorize words but also use them confidently in simple sentences and conversations.

U3: Grammar and Sentence Construction

U3-T1. 11. Genders 12. Antonyms 13. Days of the Week 14. Days of the Month 15. Making Sentences

Description

Unit 3: Grammar and Sentence Construction introduces fundamental grammatical concepts essential for building meaningful sentences in Sanskrit. This unit covers Genders, helping learners understand masculine, feminine, and neuter forms and their correct usage in sentence formation. Students will study Antonyms, enriching their vocabulary by learning pairs of opposite words, which improves expressive abilities. The unit also includes the Days of the Week and Days of the Month, enabling learners to discuss time-related topics fluently. A key focus is on Making Sentences, where students apply grammatical rules to construct simple, coherent sentences correctly. Through varied exercises, learners

practice subject-verb agreement, word order, and sentence patterns. This unit bridges vocabulary knowledge and syntax skills, empowering learners to communicate ideas clearly and accurately in both spoken and written Sanskrit.

U4-T1. 16. Avyaya 17. Making Negative sentences 18. Translation 19. Vachana Parevartane 20. Examination Hall

Description

Unit 4: Language Usage and Expression focuses on advanced grammatical structures and practical language skills in Sanskrit. The unit begins with Avyaya (indeclinable words), which are essential for sentence cohesion and meaning. Students learn to form Negative Sentences, enabling them to express denial or negation accurately. The Translation component helps learners strengthen comprehension and linguistic flexibility by converting sentences between Sanskrit and their native language. The study of Vachana Parivartana introduces changing nouns and verbs between singular and plural forms, enhancing grammatical accuracy. Finally, vocabulary and expressions related to the Examination Hall prepare students for academic and formal communication contexts. This unit emphasizes correct usage, sentence transformation, and contextual application, helping learners gain confidence in both written and oral Sanskrit. Practical exercises encourage active participation and reinforce language skills needed for real-life situations.

U1-T1. Subhashithani-Barthruhari's Neethi shatakam, Selected 30 shlokas

Description

Subhashitani from Bhartrhari's Neeti Shatakam is a refined collection of didactic Sanskrit verses that reflect timeless wisdom and ethical values. This module explores 30 carefully selected shlokas that deal with practical life lessons, covering themes such as the power of knowledge, importance of humility, value of time, dangers of greed, and traits of noble versus ignoble individuals. Each verse, compact yet profound, offers moral instruction through vivid imagery and precise language. Bhartrhari's reflections are rooted in a deep understanding of human behavior and societal dynamics. By studying these verses, learners not only enhance their command of Sanskrit language and poetic expressions but also gain insights into Indian philosophical thought. These shlokas serve as mirrors to human nature, inspiring ethical living and thoughtful decision-making. The study of these subhashitas promotes critical thinking, cultural appreciation, and an enriched worldview anchored in classical Indian wisdom.

Human Values

U2-T1. 1.Hiranyaka taamrachooda katha 2. Tila choorna vikraya katha 3. Shabarashookara katha 4. VaNikputra katha

Description

The selected stories from the Panchatantra —Hiranyaka-Taamrachooda Katha , Tila Choorna Vikraya Katha , Shabarashookara Katha , and Vanikputra Katha —are moral tales embedded with practical wisdom and clever strategies for daily life. In the Hiranyaka-Taamrachooda Katha , a mouse and a hermit

bird form an unusual bond that highlights trust, mutual aid, and the impact of fear and friendship. The Tila Choorna Vikraya Katha teaches a lesson on greed and cleverness through a tale of dishonest trade. Shabarashookara Katha tells of a wild boar and a hunter, focusing on the consequences of impulsive behavior and revenge. The Vanikputra Katha involves a merchant's son and presents a narrative on intelligence, planning, and turning misfortune into success. Together, these stories blend animal characters and human experiences to convey sharp life lessons. Their engaging plots and rich moral layers make them relevant across generations and ideal for teaching values through storytelling.

U3-T1. sandhi prakaranam swara and vyanjana -4 each Samskrutha sambhashanaabhyasa

Description

This unit introduces students to Sandhi Prakaranam , focusing on the rules of euphonic combination in Sanskrit. It covers four types each of Swarasandhi (vowel combinations) and Vyanjanasandhi (consonant combinations), enabling learners to understand how sounds merge for fluent pronunciation and script accuracy. Additionally, Samskrutha Sambhashana Abhyasa emphasizes oral practice in simple Sanskrit conversation. Through structured dialogues and daily usage expressions, students develop confidence in speaking Sanskrit. The combined study of sandhi and spoken practice builds a strong foundation in both linguistic accuracy and communicative ability, fostering deeper engagement with the language in both textual and conversational forms.

U1-T1. Nrusimha champu by Suryakantha shastry, Ramamurthy Tripathi – 1&2 canto

Description

by Śrī Vedānta Deśika is a poetic retelling of the Nṛsimha avatāra, composed in the elegant campū kāvya style—a blend of prose and verse. The editions edited by Śrī Sūryakānta Śāstrī and Śrī Rāmamūrti Tripāṭhi provide a critical and lucid presentation of the first two cantos. The first canto narrates the tyranny of Hiraṇyakaśipu and the birth and virtuous life of Prahlāda, emphasizing devotion (bhakti) and the tension between divine grace and demonic arrogance. The second canto vividly describes the ferocious manifestation of Lord Nṛsimha from the pillar and the dramatic slaying of the demon king. The editors offer detailed Sanskrit commentary and explain grammatical, poetic, and philosophical elements, making the work accessible to students and scholars alike. These cantos exemplify devotional grandeur, poetic artistry, and philosophical depth, serving as ideal texts for understanding classical Sanskrit literature and Śrīvaiṣṇava theology.

U2-T1. Charudattam of Bhasa – 1 canto

Description

The unfinished Daridra-Charudatta (Charudatta in poverty) tells the story of the courtesan Vasantasena and is interesting for the same story was developed by Śhudraka into the more famous play Mrichakatika . Charudatta is an impoverished Brahman, who is one of the central characters in Sudraka's play Mricchakatika. Sudraka presents Charudatta as a noble and sensitive man, of respectable social position. His state of poverty is a result of his charitable nature, which is also shown as a positive trait.

**U3-T1. Samasaprakaranam – 4 samasa's
Samskrutha sambhashanaabhyaasa**

Description

By learning grammar, it builds analytical, linguistic, and communication skills that are transferrable to many other areas like law, government, and tech.

EXAMINATION PATTERN

COURSE NAME: SANSKRIT

COURSE CODE: SAN281-4

PATTERN FOR CONTINUOUS INTERNAL ASSESSMENT (CIA)

This course includes three CIAs and an End Semester Evaluation. CIA 1 and CIA 3, each worth 20 marks (later reduced to 10 marks), will be administered by the respective faculty during class hours. CIA 2 is the Mid-Semester Examination (MSE), a descriptive test conducted centrally by the Office of Examinations. The MSE is a two-hour exam conducted for 50 marks, which is later reduced to 25 marks. The End Semester Examination (ESE) is also a centralized exam, conducted as a two-hour paper with a weightage of 50%. The ESE is conducted out of 50 marks and subsequently reduced to 50 marks. Attendance carries an additional 5 marks.

5.Maanida sakthi.	6.Saintha Tharasu.	7.putthaga Saalai.	1.Vetri murasa chirappau.
2Nanthikkalambagam.			
2.Nandhi mann			

Description

The Sweetness of Tamil (Tamilin Enimai) This topic highlights the beauty and richness of the Tamil language. It explores the melodious nature of Tamil, its deep literary heritage, cultural significance, classical value, and global presence.

When Will It Be? (Ennaalo?) A reflective theme that contemplates the future. It deals with hopes, dreams, goals, and the anticipation of when change, progress, or aspirations will come true—both individually and collectively.

World Unity (Ulaga Ottrumai) A call for global harmony and togetherness. It emphasizes the importance of peace, tolerance, cooperation among nations, cultures, religions, and languages. The theme promotes humanity and universal brotherhood.

Workers' Petition (Tholilaalar Vinnappam) This theme centers around the rights, struggles, and demands of workers. It can be framed as a plea or request to society or authorities, advocating for better working conditions, fair wages, and dignity of labor.

Human Power (Maanida Sakthi) A theme that celebrates the inner strength of humans—willpower, courage, intelligence, perseverance, and the ability to overcome challenges. It reflects on how human strength can drive social change and innovation.

The Balanced Scale (Saintha Tharasu) This symbolizes justice, fairness, and equality. The topic could explore the importance of law, ethics, and moral balance in society. It may also relate to how fairness should be upheld in personal and social relationships.

Library (Putthaga Saalai) A symbol of knowledge and enlightenment. This topic praises the importance of books, the habit of reading, and the role of libraries in shaping minds and communities. It may focus on how libraries are gateways to wisdom.

U2-T1. Kanneerum Thanneerum-by Dr.S.Sethuraman - 10 hours (All Stories)

Description

Kanneerum Thanneerum (Tears and Water) is a powerful collection of short stories by Dr. S. Sethuraman that delves into the emotional and social landscapes of ordinary people. Spanning approximately 10 hours of reading, these stories explore themes such as human suffering, resilience, poverty, injustice, love, and compassion. Each narrative is deeply rooted in reality, portraying characters from diverse backgrounds—farmers, workers, women, and the marginalized—with empathy and nuance. The title metaphorically connects “tears” (sorrow) and “water” (life), symbolizing how emotional pain and daily survival are intertwined. Sethuraman’s writing is both simple and profound, using strong imagery and subtle social critique. The stories not only reflect the harsh truths of life but also reveal moments of hope, dignity, and inner strength. Kanneerum Thanneerum is a moving literary experience that captures the essence of human struggle and spirit in a relatable, honest way.

U3-T1. Thol. Porul Adhigaram

Description

Porul Adhigaram is the third and final section of the Tolkappiyam, the earliest known Tamil grammar text attributed to Tolkappiyar. While the first two sections deal with phonology (Ezhuthu) and morphology/syntax (Sol), Porul Adhigaram explores semantics, societal structure, and the themes of classical Tamil literature. It is divided into two major parts: Akam (inner life – love, emotions, relationships) and Puram (outer life – war, heroism, ethics, generosity). This section outlines how emotions, human behavior, and social customs are expressed in poetry based on setting, mood, and context. It also classifies landscapes (tinai), symbolic elements, and ideal conduct. Porul Adhigaram forms the foundation for understanding Sangam literature and classical Tamil aesthetics. It is not just grammatical but also cultural and ethical, reflecting the values, duties, and poetic conventions of ancient Tamil society. This section makes Tolkappiyam unique among world grammars for blending linguistics with literary theory and social philosophy.

U4: Language Skill-

Teaching Hours: (3)

Development Needs:

Global

Skill Focused:

Skill Development

Cross Cutting Issues:

Professional Ethics

U4-T1. General essay writing

Description

listening, speaking, reading, and writing. Mastery of these skills allows individuals to communicate ideas clearly, understand others, and engage meaningfully in social, academic, and professional contexts. Good language skills help in expressing emotions, exchanging information, and building relationships. They also enhance learning, critical thinking, and creativity. Developing strong language skills is essential for students, as it supports academic achievement across all subjects. In the workplace, effective communication boosts collaboration and productivity. Language is not just a tool for conversation—it is a medium for sharing culture, values, and knowledge. Therefore, improving language skills is key to personal growth, social interaction, and success in life. It empowers individuals to be confident, informed, and active participants in society. In short, language skill is the foundation of meaningful communication and lifelong learning.

EXAMINATION PATTERN

U1-T1. Kappiyam – Silappathigaram- Purancheri Iruthak kathai.
LITRETURE – Natrinaip Paadalgal. (poetry).

SANGAM

1.Kurinci thinai 01.

2. Kurinci thinai - 393

3.Mullai thinai

169. 4.Mullai thinai 367. 5. Marutha thinai 70.
 6.Neithal thinai 172.

Description

Silappathigaram – Purancheri Episode & Natrinai Poems – Description (150 words):

Silappathigaram , one of the five great Tamil epics, tells the powerful tale of Kannagi. The Purancheri episode describes her arrival in Madurai, seeking justice for her wrongly executed husband, Kovalan. This part highlights her inner strength, grief, and righteous anger, ultimately leading to divine justice and moral reflection in society. It combines deep emotion with epic grandeur, suitable for six hours of focused reading or analysis.

The Sangam literature , particularly Natrinai, is a classical Tamil anthology of love poems organized by landscapes (thinai). Each landscape symbolizes a specific phase of love:

- Kurinchi (mountainous – joyful union)
- Mullai (forest – patient waiting)
- Marutham (farmland – domestic life)
- Neithal (seashore – longing)
- Paalai (desert – separation and hardship)

These selected poems (e.g., Kurinchi 1 & 393, Mullai 169 & 367) reveal emotional depth, cultural imagery, and human experiences, offering a poetic journey through ancient Tamil life and love.

U2-T1. Novel – Aathankarai Oram – By V.Iraianbu, published by NCBH ,Chennai.

Description

Aathankarai Oram (The Riverbank) is a thought-provoking Tamil novel written by Dr. V. Iraianbu and published by NCBH, Chennai. The novel explores the intricate journey of human life, using the flowing river as a powerful metaphor for time, change, and inner reflection. Set against a rural backdrop, it delves into themes such as human relationships, self-realization, and the moral dilemmas individuals face while

navigating life's uncertainties. The riverbank symbolizes the threshold between choices and consequences, dreams and reality. Through simple yet profound storytelling, Iraianbu crafts characters who are emotionally layered and socially grounded. His narrative style combines literary elegance with philosophical insight, making the novel both accessible and intellectually rich. Aathankarai Oram is not just a story but a journey of introspection, encouraging readers to pause and think about the direction of their own lives. It's a deeply reflective work that resonates with readers across age groups and backgrounds.

U3-T1. – Ani Ilakkanam.

Description

Ani Ilakkanam is the study of prosody and poetic meters in classical Tamil literature. It focuses on the rhythmic and structural patterns of Tamil poetry, defining how verses are composed and measured. This branch of Tamil grammar analyzes syllable length, stresses, and the arrangement of words to create musicality and harmony in poems. Ani Ilakkanam includes rules about various metrical forms like venpa, aciriyam, and kalithurai. It plays a crucial role in preserving the traditional poetic art by guiding poets to maintain meter and sound patterns, ensuring the aesthetic quality of Tamil classical and Sangam literature.

U4-T1. Letter Writing

Description

Letter writing is an essential part of the language syllabus, focusing on developing written communication skills. It is usually divided into two main types:

3. Formal Letters – Used for official purposes, such as applications, complaints, requests, and business correspondence. These follow a structured format with clear, concise language and a professional tone.
3. nds, family, or acquaintances. These letters are personal in tone and follow a more relaxed style.

The syllabus covers:

- Format (sender's address, date, greeting, body, closing)
- Tone and language appropriate to the type
- Clarity, coherence, and purpose
- Grammar and spelling accuracy
